MEMORANDUM FOR THE RECORD

SUBJECT: Increase of AERODYNAMIC Budget from [ ] to [ ]

1. During a meeting with [ ] and [ ] (and attended by Messrs. [ ] and [ ] of this office), [ ] agreed that it was necessary to increase the Project AERODYNAMIC budget for fiscal year 1959 from the originally requested amount of [ ] to [ ], in order to cover the salaries of AECASSOWARY-4 and 15 who are being absorbed from Project AECARTHAGE. Although AECASSOWARY-4 and 15 have been performing under Project AERODYNAMIC they were being paid from the funds of AECARTHAGE which project is being terminated.

2. [ ] of the PP Staff, in a telephone conversation with the undersigned, recommended that only the programmed amount of \$ [ ] be requested in the project budget at this time. He suggested that an amendment requesting the additional funds needed to carry the Project activities through the fiscal year be put through in January 1959. Mr. [ ] stated it was unlikely that the Project would be approved at this time if anything over the programmed amount of [ ] was requested. He further stated that he could foresee no problem in getting the amendment approved in January for the needed extra funds. This fact was concurred in by [ ] of SR/BF, who stated that since there were sufficient Division operational funds available to permit this increase, there would be no trouble in obtaining such approval in January.
