NAZI WAR CRIMES DISCLOSURE ACT Dispatch No. WELA-6467

DATE 2007

**SECRET**  
CLASSIFICATION

To : Chief, FDW

Date 7 August 1951

FROM :

SUBJECT: GENERAL- REDSOX

SPECIFIC- Proposed JAYHAWK Operations into Poland and the Ukraine

1. A letter received from [ ] is quoted below:

a. "In spite of some set-backs - of which we have already informed you - the progress of the Ukrainian parties we sent into the field last May has been sufficiently encouraging to make us decide to commence the preparation of two further teams. One for intended infiltration into Poland, the other into Western Ukraine. Both these new teams are at present undergoing preliminary training with a view to being sent in the autumn. The party for Poland is likely to be a firm starter, but the launching of the Western Ukraine one depends on reception arrangements in the field, which are now being examined.

b. "The fact that the arrival of the parties sent in by us in May has not produced any violent reaction, so far, from the field, where the commanders of the underground, both in Poland and the Ukraine, appear to have extended a friendly welcome to the new arrivals, has influenced us in our decision to continue with these Ukrainian operations.

c. "We will in due course give you further details of the projected operations, such as infiltration routes, timings, composition of parties, etc. Meanwhile it would be a great help to us if you could also keep us informed of your plans and particularly of any information you may be getting from parties already infiltrated by you, which may have a bearing from the security as well as other angles on our respective plans for the future."

2. Additional copies are being provided for passage, as desired, to ZACACTUS. It is requested that information as called for in Para c above be furnished this station, as available, for passage to JAYHAWK.
