

ALBERT, Theodor von

MAV-2891

16 January 1951

One of the publishers of Interreport Ost, a new bi-weekly in Vienna covering news from Iron Curtain countries. During the war worked for the SD of the SS in Bratislava where he worked closely with RONNENBERGER, SD Chief. By the end of the war he was in charge of the Bratislava SD Department which was combating the Slovak Resistance Movement. He allegedly managed to penetrate the movement and acquired papers which allowed him to escape to Austria. Was secretary of the "academic Freedom Fighters" in Vienna and was secretary of the so-called "Austrian College." Albert reportedly was one of the first collaborators of Josef Adolf URBAN and presumably his chief representative in Vienna. He was private secretary to Engr. Richard WOLF, pro-Soviet secretary general of the Democratic Union and tried to get the Allied Council to recognize the Soviet Union. Also closely associated with HOLEC, a former functionary of the Democratic Union. Both were dismissed from the party, however, because they tried to use the party for ~~the~~ intelligence purposes. Believed he sells information to several intelligence services. Allegedly sends reports to a member of the French Legation, Oleg von PRITWITZ, and maintains close relations with Dr. REICHMANN ~~###~~ of the Austrian Ministry of the Interior who is extremely pro-French. His motivation in his intelligence activities is largely financial.

Claims to be nephew or grand nephew of former Croat

Bratislava. Worked for SD in Bratislava during war,
and worked at combating Slovak Resistance Movement.
Managed to escape to Austria with papers representing
him as a member of the Slovak Resistance Movement and joined
a number of anti-Nazi organizations. Was secretary of "Academic Freedom Fighters,"
and secretary of the so-called "Austrian College." Reported that ALBERT was one
of Josef URBAN's first collaborators and was his chief representative in
Vienna. Came in contact with Eng. Richard WOLF, pro-Soviet secretary general
of the Democratic Union, and was closely connected with HOIEC (fnu). He may
have been connected with the GIS group with which HOIEC was then working. Both
were fired from the Democratic Union because they were using the organization
for intelligence purposes. Allegedly now sends information to the FIS through
Olek von PRITWITZ, member of the French Legation. Has been described as a
