 -- Given the locations of the filming -- please give me an idea as to how many locations reasonably need to be covered (and I will schedule shifts to cover locations).

There will be a film shoot taking place in OHB on the 19th of November. This event will be similar to the Top Chef event last summer. The documents attached below outline the basic schedule and partial list of equipment for the event. Please coordinate with DESS Security in order to provide the appropriate amount of coverage.

Thank you for your assistance.
