MEMORANDUM

To: Puritan

From: BB-049 *BB-049*

Subject: Rumanian Primer for Bucharest

1. It was impossible to arrange for AD-001 to take a Primer with him as during the day between receipt of the answer from BB-068 to our intercepted cable to Bucharest, Major Milne and his deputy were both away. V/L informed me that only one of them could authorize the taking from the country of a Primer.
2. It was suggested to AD-001 that, if permission could be secured in Bari, he take the copy of the Primer from there and we would send a new copy to Bari.
3. Whether or not he does that, a new copy should be sent out, requested here as a copy for Bucharest since the authorization for one in Bari already exists.
4. Since this ~~seems~~ to be a top-level matter, could you please make the request to Major Milne?
