Dear [Redacted]

STAT

Many thanks for meeting with me last Friday. I have reviewed the tape of our session and found a number of useful insights and suggestions for further probings. You'd be surprised how helpful it can be to get the perspective of individuals like yourself, and your recollections will be of great assistance in our task.

I hope to have a transcript typed in 2-3 weeks. When it's ready for review, I'll get back in touch with you.

In the meantime, please rest assured of our appreciation for your willingness to make your time and recollections available to us. On a more personal level, I found it great fun, after having read dozens of your memos, to have the chance to chat with you.

Yours sincerely,

*HS*
