CENTRAL INTELLIGENCE AGENCY

Washington, D. C.

May 1955

This Gazetteer is issued as a standard component of the National Intelligence Survey for Madagascar and lists official standard names approved by the United States Board on Geographic Names. These names supersede all previous decisions on geographic names in this area. This Gazetteer also lists the variants of official standard names for reference purposes. These variants are not approved as standard names.

This Gazetteer will be adequately maintained by published revision.

Distribution of this publication is made by the Central Intelligence Agency and is for official use only.

FOREWORD

This gazetteer contains about 20,000 entries for places and features in Madagascar and nearby dependencies, pages 1 to 440 (17,900 entries), Réunion, pages 441 to 478 (1,400 entries), and the Comoro Islands, pages 479 to 498 (700 entries). The entries include approved standard names and unapproved variant names, the latter cross-referenced to the standard names. *Users of the gazetteer should always refer to main entries for approved names.*

The scale of map coverage is about 1:500,000 for Madagascar and the Comoro Islands and 1:40,000 for Réunion.

Interpretation of entries

It has been necessary to express in code numbers and letters some of the information in the gazetteer in order to accommodate it to the machine method of tabulation.

Name.--Approved standard names and unapproved variant names appear in the first column. The variant names are always cross-referenced to the approved names by use of the word "see." Where part of a standard name is underlined, the use of the nonunderlined part is optional. Where two or more names are approved for a feature, each is identified in parentheses and any or all may be used. Names that consist of specific and other elements are alphabetized by the specific part; thus Banc de l'Ada is listed as Ada, Banc de l'. Diacritical marks include the acute accent (as in Réunion), the grave accent Rivière), the circumflex (île), and the cedilla (François). When names are in capital-and-lower-case lettering instead of all capitals as in this gazetteer, the same marks are to be used.

Designation.--Designations, in the second column, are sometimes abbreviated and represent groups of features, as follows:
ANCH anchorage BANK bank(s)

BAY	bay, inlet	MTS	mountain range, mountains
BLDG	building	PEAK	peak(s)
BLHL	blowhole	PEN	peninsula
CAPE	cape, promontory	PLN	plain
CAVE	cave, cavern	POPL	populated place
CHAN	channel	PROV	province
CLIF	cliff(s), bluff	PT	point
CNAL	canal	RCKS	rocks
CRTR	crater	RDGE	ridge

ISLS	islands	TERR	territory
LAGN	lagoon	UPLD	upland, plateau
LAVA	lava flow	VAL	valley
MRSH	marsh	WELL	well(s)
MT	mountain		

Latitude and longitude.--Coordinates, in the third and fourth columns, are for finding purposes only. They were read to the nearest minute.

Administrative division.--The number in the fifth column indicates the area in which the place is situated: 580, Madagascar; 583, Comoro Islands; 585, Réunion.

Locational reference.--The number in the last column refers to a map or chart where the feature may be located by its standard name or a recognizable variant of its standard name, as follows:

- 01 *Carte de Madagascar au 1:500,000*, Service Géographique de Madagascar, 1947-48.
- 02 *Île de la Réunion*, Service Géographique de Madagascar, 1935; scale 1:100,000.
- 03 French hydrographic charts for the Indian Ocean, Service Hydrographique de la Marine, Paris, various dates and scales.
- 04 *La Réunion*, Institut Géographique National, 1954; scale 1:40,000.

The code 00 is used for cross-references and for the names not to be found on any of the above-named references.

Malagasy abbreviations.--Since many names in Malagasy, the native language of Madagascar, do not appear on the sources in an unabbreviated form, the following list of abbreviations with expansions (and meanings where known) is provided to aid in recognition and location of names on sources:

A ^{di} Ambodi (below, behind)	A ^{si} Ampasi (sand)
A ^{ha} Andoha (above)	A ^{to} Ambato (rock)
A ^{hi} Ambohi (hill, village, enclosure)	A ^{tr} Ambohitr (hill, village, enclosure)
A ^{no} Andrano (water)	N. Nosy (island, reef, rock)
A ^{ny} Ambinany (river junction)	

Glossary of generic terms

The following terms occur in the standard names listed in the gazetteer. Each of the spellings and meanings given applies in the case of one or more of the names. Except for ambato, bongo, and nosy, which are Malagasy words, the terms are French.
