APPROVED FOR RELEASE: 2007/02/21: CIA-RDP01-00707R000100080009-1

CENTRAL INTELLIGENCE AGENCY

Washington, D. C.

October 1956

This Gazetteer is issued as a standard component of the National Intelligence Survey for the Hawaiian Islands and lists official standard names approved by the United States Board on Geographic Names. These names supersede all previous decisions on geographic names in this area. This Gazetteer also lists the variants of official standard names for reference purposes. These variants are not approved as standard names.

This Gazetteer will be adequately maintained by published revision.

Distribution of this publication is made by the Central Intelligence Agency and is for official use only.

Geographic names or their spellings do not necessarily
reflect recognition of the political status of an area by the
United States Government.

FOREWORD

This gazetteer contains about 7,250 entries for places and features in the Territory of Hawaii, Midway Islands, and Johnston Island. The entries include approved standard names and unapproved variant names, the latter cross-referenced to the standard names. *Users of the gazetteer should always refer to main entries for approved names.*

The names in this gazetteer supersede those in all previous Board lists for the area.

The scale of map coverage is about 1:62,500 for four-fifths of the area and about 1:24,000 for the islands of Oahu and Molokai and a part of western Maui.

Interpretation of entries

It has been necessary to express in code numbers and letters some of the information in the gazetteer in order to accommodate it to the machine method of tabulation.

Name.--Approved standard names and unapproved variant names appear in the first column. The variant names are always cross-referenced to the standard names by use of the word "see." Where part of a name is underlined, the use of the nonunderlined part is optional. Names that begin with English generic elements are alphabetized by specific part (thus Cape Halawa is listed as Halawa, Cape), but names beginning with native generic terms are listed in normal word order (Puu Mau, Lae Hi).

Designation.--The second column contains designations or abbreviations of designations, as follows:

ANCH	anchorage	GRGE	gorge, ravine
AQDT	aqueduct	GROV	grove
ARCH	rock arch	HBR	harbor, docking basin
AREA	area	HEAD	headland
ATLL	atoll	HILL	hill

SDG	railroad siding	WELL	well
SECP	section of a populated place	WLLS	wells
SHOL	shoal	WTRH	waterhole
SITE	site, abandoned village, ruin		

Latitude and longitude.--Coordinates, in the third and fourth columns, are for finding purposes only. They were read to the nearest minute.

Administrative division.--The number in the fifth column is the code number assigned to the area: 960, Hawaii; 967, Midway Islands and Johnston Island.

Locational reference.--The number in the last column indicates a map or chart on which the feature may be located by its standard name or a recognizable variant of its standard name, as follows:

- 01 [Topographic maps], United States Geological Survey, Washington, D.C., various dates; scale 1:62,500.
- 02 United States Coast and Geodetic Survey Charts, Washington, D.C.; various dates and scales.

- 03 [Topographic maps], United States Geological Survey, 1952-54; scale 1:24,000.
- 04 Hawaii 1:25,000, Series W833, Army Map Service, Washington, 1955.

The code 00 is used for cross-references and for the few standard names to be found only on references other than those listed above.

Glossary of generic terms

The following generic terms occur in the standard names listed in the gazetteer. Each of the meanings given applies in the case of one or more of the names.

ana	cave
awa	bay, cove
hana	bay
heiau	temple, temple site
hono	cove, bay

Reporting of errors

It is requested that all who use this gazetteer aid in its correction for future printings by reporting errors to the Board

on Geographic Names, Interior Department Building, Washington 25, D.C. A statement of the course of the correct information will be helpful.

Other gazetteers

The following publications may be useful as finding lists, though the names in them are not necessarily those approved by the Board as standard names:

1. *Gazetteer* (No. 4): *Hawaiian Islands*, H. O. Misc. No. 10,884, Hydrographic Office, U.S. Navy Department, Washington, D.C., 1943.
2. John Wesley Coulter, *A Gazetteer of the Territory of Hawaii*, University of Hawaii, Honolulu, 1935.
