## NIS GAZETTEER

# Chad

This NIS Gazetteer on Chad is issued under the NIS maintenance program. It supersedes the material on Chad in the Preliminary NIS Gazetteer on Equatorial Africa, dated November 1952, copies of which should be destroyed.

---

FOR OFFICIAL USE ONLY

RECORD COPY

CENTRAL INTELLIGENCE AGENCY

Washington, D.C.

July 1962

This Gazetteer is issued as a standard component of the National Intelligence Survey for Chad and lists official standard names approved by the United States Board on Geographic Names. These names supersede all previous decisions on geographic names in this area. This Gazetteer also lists the variants of official standard names for reference purposes. These variants are not approved as standard names.

This Gazetteer will be adequately maintained by published revision.

Distribution of this publication is made by the Central Intelligence Agency and is for official use only.

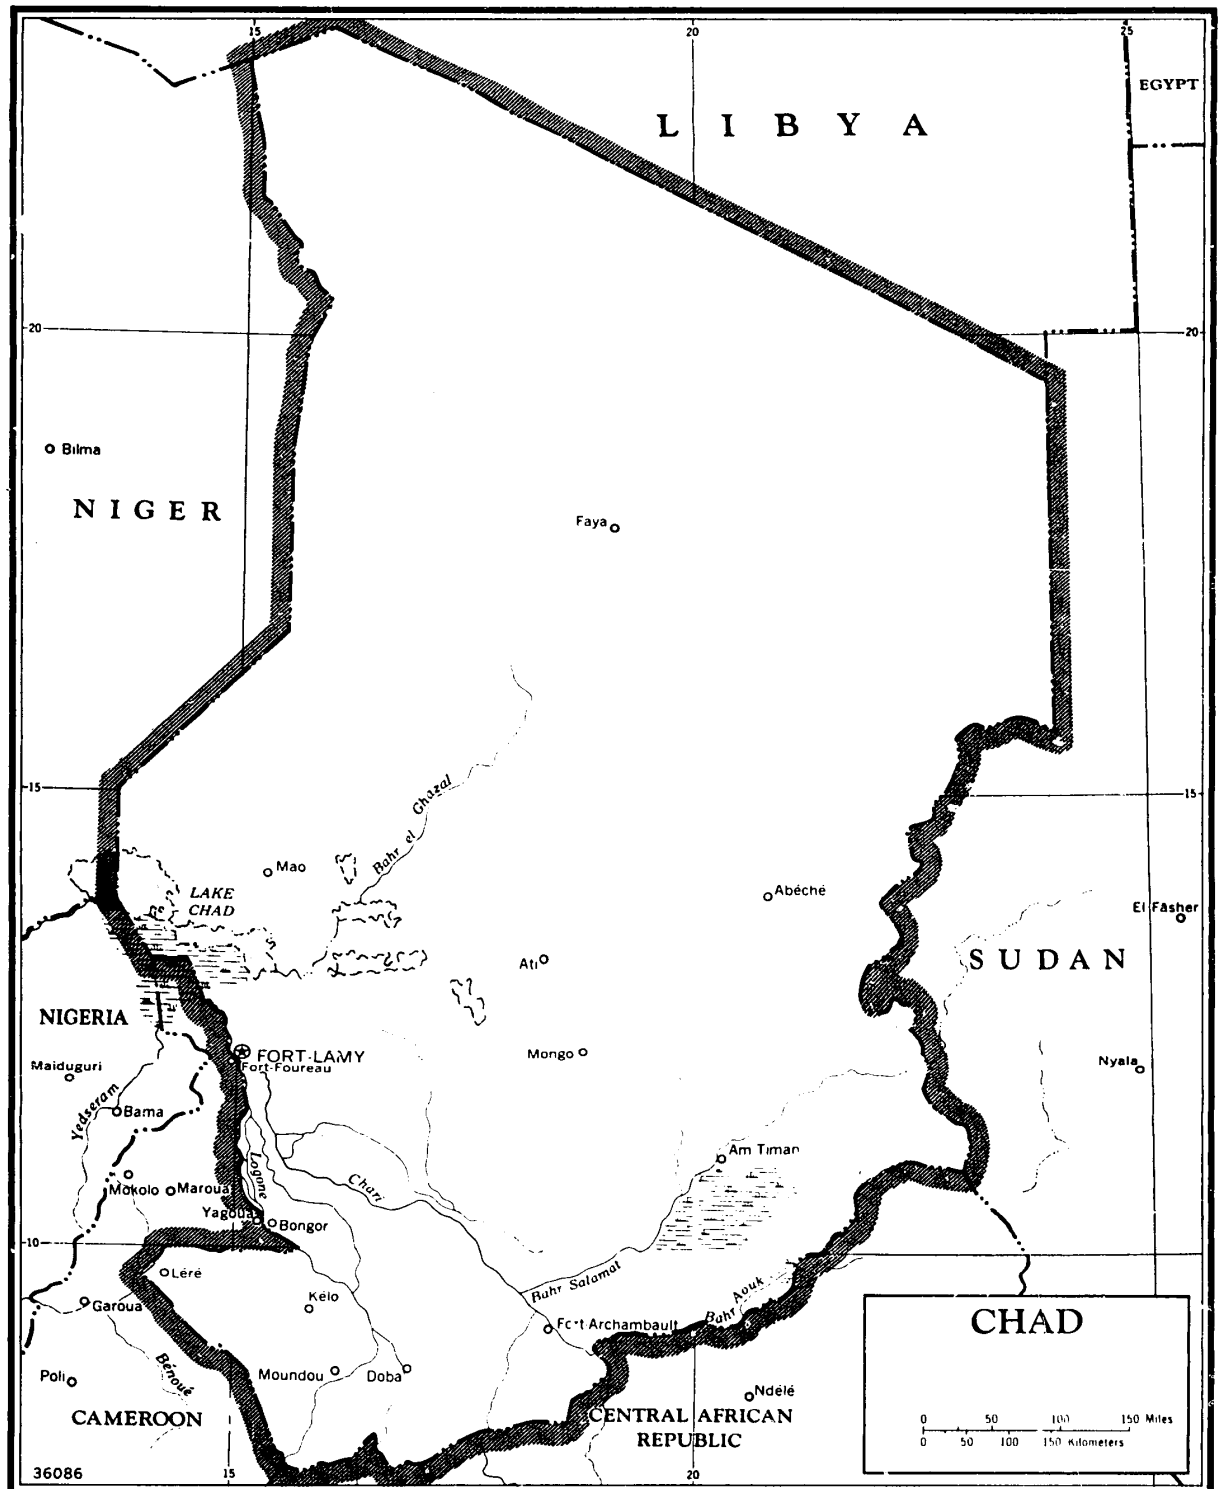

NIS GAZETTEER

**Chad**

Official Standard Names Approved by the  
U.S. Board on Geographic Names

Prepared in the Office of Geography, Department of the Interior  
Coordinated by the Central Intelligence Agency  
Washington, D.C. July 1962

---

## FOREWORD

This gazetteer contains about 16,000 entries for places and features in the Republic of Chad, the former Territoire du Tchad of French Equatorial Africa. The entries include standard names approved by the Board on Geographic Names and unapproved variant names, the latter cross-referenced to the standard names. *Users of the gazetteer should always refer to main entries for approved names.*

The names in this gazetteer supersede those in all previous Board lists for the area.

The name coverage is approximately equivalent to that of maps at the scale of 1:200,000.

### *Interpretation of entries*

It has been necessary to express in code numbers and letters some of the information in the gazetteer in order to accommodate it to the machine method of tabulation.

*Name.* — Approved standard names and unapproved variant names appear in the first column. The variant names are always cross-referenced to the standard names by use of the word "see." Where part of a name is underlined, the use of the part not underlined is optional. Where two or more names are approved for a feature, each is identified in parentheses and any or all may be used. Names that include specific and other elements (except names of populated places) are alphabetized by specific part; thus Lake Chad is listed as Chad, Lake.

The diacritical marks used in the approved names of Chad are the acute accent (´), the grave accent (`), the dieresis (¨) and the circumflex accent (ˆ), all of which occur over vowels, and the cedilla (¸) which is written under the letter c. These marks are to be used whether the names are written in capital or lowercase letters.

The first letter of all separate words except non-initial articles, prepositions, and conjunctions should be capitalized.

A characteristic of the nomenclature of Chad is the frequent occurrence of two or more small populated places, farms, streams, or other features with identical names within short distances of each other. In some cases neighboring features with the same name are identified by the use of numerals; e.g., Bara I and Bara II. Repetitive names are individually listed in the gazetteer as shown on the maps of the area.

*Designation.* — The second column contains designations or abbreviations of designations, as listed below. Since practically all geographic terms have varied meanings, the senses in which the designator terms are used and the range of features to which they are applied in this gazetteer are stated in the list to reduce ambiguity. The distinctions that can be made in a given gazetteer will vary with the quality of the maps of the area and with the nature of the entities that are named.

ADMD	first-order administrative division ( <i>préfecture</i> )
AREA	area (locality assumed to be recognized and named as an entity because of its character or use)
BLOW	blowout(s) (small depression in sandy terrain, caused by wind erosion; commonly the groundwater table is relatively near the surface in blowouts, hence they tend to be less dry and to support more vegetation than adjacent areas; many contain wells)
CLF	cliff(s)

CMP	campsite, nomadic campsite (some have huts or other shelters)	PASS	pass (way over, through, or between mountains or other high land)
CRTR	crater (generally circular central depression in a volcanic cone)	PCLI	independent political entity (in this case, republic)
DPR	depression (large area lower than adjacent areas and commonly characterized by interior drainage)	PEN	peninsula (area of land projecting into Lake Chad; may at times be separated from islands or other peninsulas only by sand or mud flats and at other times be inundated or cut off from the mainland, depending on rainfall and wind conditions)
DSRT	desert	PKS	peaks (two or more summits collectively named)
DUNE	dune(s) (see also SAND)	PLAT	plateau (extensive elevated area of flat to rolling surface; may exhibit considerable local relief due to dissection or the presence of hills or mountains rising above the general surface level)
FLLS	waterfall	PLN	plain
FLTC	clay flat	PND	pond (small inland waterbody)
FRST	forest	PNDI	intermittent pond(s)
FT	military post	PNDS	ponds
GRGE	gorge (narrow, steep-sided section of a watercourse)	POOL	pool(s) (body of water in a watercourse; residual dry-season pool; see also WTRH); intermittent pool(s)
HLL	hill (landform with moderate relief and elevation and small summit area)	PPL	populated place (city, town, village, settlement; may include some seasonal or temporary habitations)
HLLS	hills	PPLQ	abandoned village
ISL	island (includes islands in streams and others near the shores of Lake Chad which at times may be only raised areas surrounded by sand or mud flats and at other times may be under water, depending on rainfall and wind conditions)	RDGE	ridge
ISLS	islands	RESW	wildlife reserve
LK	lake	RGN	region (area recognized as an entity by reason of the unity of its history, people, landscape, or other condition)
LKI	intermittent lake	RKL	rock on land
MESA	mesa(s) (flat or nearly flat area less extensive than a plateau and considerably higher than surrounding land from which it is separated by abrupt, sometimes nearly vertical, slopes; includes some flat-topped hills)	RKSL	rocks on land
MRSH	marsh (wetland generally characterized by lush grass vegetation after heavy rains, but at other times denuded of vegetation and checked by a maze of drought crevices; see also WTLD)	RSV	reservoir
MSSF	massif	RUIN	ruins
MT	mountain (landform with pronounced relief and elevation and small summit area)	SAND	sand area (see also DUNE)
MTS	mountains	SBKH	sabkha (area of salt-impregnated ground without vegetation, intermittently wet from rainfall or seepage; slippery when wet, salt-encrusted when dry; occurs in depressions)

SCRP escarpment  
 SPNG spring(s)  
 STM stream (river or other running fresh waterbody, perennial in whole or in part)  
 STMI intermittent stream  
 TRB tribal area  
 VAL valley  
 WAD wadi (watercourse or drainage way that carries only occasional flows of water)  
 WADX section of wadi  
 WLL well, temporary well  
 WLLS wells  
 WTCQ abandoned watercourse (former stream channel)  
 WTLD wetland (presence of trees or grasses not specified; some permanent or intermittent waterbodies not separately named are included within wetlands; see also MRSH)  
 WTRH waterhole (place where water collects following rain; usually at or near the ground water table; see also POOL), rainpool(s)

54700 Chad (general)	54706 Guera
54701 Borkou-Ennedi-Tibesti	54707 Salamat
54702 Kanem	54708 Ouaddai
54703 Batha	54709 Mayo-Kebbi
54704 Biltine	54710 Logone
54705 Chari-Baguirmi	54711 Moyen-Chari

*Locational reference.* — The number in the last column indicates a map or chart on which the feature may be located by its standard name or a recognizable variant of its standard name.

01 *Croquis Provisoire de l'A.E.F. et du Cameroun*, Service Géographique de l'A.E.F. et du Cameroun and Institut Géographique National, scale 1:200,000.

02 *Croquis Provisoire de l'A.E.F. et du Cameroun*, Service Géographique de l'A.E.F. et Cameroun, scale 1:1,000,000.

The code 00 is used for cross-references and for standard names found only on references other than those listed above.

*Glossary of generic terms*

The following terms occur in the standard names listed in the gazetteer. The meanings given include those supported by application to features named in the gazetteer, whether or not these meanings are given in dictionaries. (Arabic words are identified by the letter A, French words by the letter F, Kanuri words by the letter K, and Tubu words by the letter T; the absence of an identifying letter indicates a word of unspecified language.)

ain	A	spring
ancien lit	F	abandoned watercourse
ba		stream, intermittent stream
bahr	A	wadi, stream, intermittent stream
batha	A	stream
bela, bèla	K	well
bellah	T	well
béni	T	well

*Latitude and longitude.* — Coordinates, in the third and fourth columns, are for finding purposes only. They were generally read to the nearest minute. For precise location, large-scale maps should be used.

Coordinates were read at the map symbol for populated places and other entities occupying limited sites, at the mouths or lower ends of streams, at the summits of mountains and hills, near the centers of areas, and at the midpoints of most other features.

*Area number.* — The number in the fifth column indicates the administrative unit (*préfecture*) in which the place or feature is located, as listed below. The general number (54700) is used for international features and for features in more than one subdivision. (Location by administrative unit may be inaccurate where boundaries are inexact.)

bérégé	T	blowout	massif	F	mountain(s), plateau
bila, bile	K	blowcut, well	mayo	A	stream, intermittent stream
bili, billi	T	temporary well	mont(s)	F	mountain(s)
bini	T	well, temporary well	oglat	A	well, blowout
bir	A	well(s)	ouadi	A	wadi, intermittent stream
campement	F	campsite	oued	A	wadi
chutes	F	waterfall	parc	F	park, wildlife reserve
col	F	pass	passe	F	pass
dahal	A	intermittent stream	pic	F	mountain
dépression	F	depression	plaine	F	plain
djebel	A	hill, mountain	plateau	F	plateau
dune	F	dune	préfecture	F	prefecture (first-order administrative division)
échéou	T	depression	puits	F	well(s)
egey	T	well	rahat, rahad	A	intermittent lake, intermittent pond, pool, rainpool, waterhole
ehi	T	hill(s), mountain, mesa, cliff, escarpment, rock(s) on land	république	F	republic
emi	T	mountain	réserve de faune	F	wildlife reserve
enneri, ennri	T	wadi	ridgil, ridjil, rigil	A	wadi, intermittent stream
erg	A	dunes	rocher	F	hill
étang	F	lake	rochers	F	rocks on land
falaise	F	cliff	safaï	A	marsh
forêt classée	F	forest	soleï		well
gava	A	hill(s), mountain, rock on land	souli		well
garet	T	depression	tarso	T	mountain(s), crater, hill, plateau
gherd	A	dunes	téga	T	rocks on land
goz	A	dune(s)	tégi	T	hill
guelta	A	well	tourda	A	marsh
hadjer	A	hill(s), mountain, rock(s) on land, ridge, escarpment	yéga	T	well
id	A	well	yi	T	rainpool, well
iégé	T	well	yoga	T	temporary well
igey	K	blowout			
iyi	T	well			
kouri	T	depression			
kourini	T	dunes			
lac	F	lake			
man, mane, mané		stream, wadi, intermittent stream			
marais	F	marsh			
mare	F	intermittent lake, spring, rainpool, waterhole			

*Reporting of errors*

It is requested that all who use this gazetteer aid in its correction for future printings by reporting errors to the Board on Geographic Names, Department of the Interior, Washington 25, D. C. A statement of the source of the correct information will be helpful.

APPROVED FOR RELEASE: 2007/02/21: CIA-RDP01-00707R000100120007-8

Geographic names or their spellings do not necessarily reflect recognition of the political status of an area by the United States Government.
