CENTRAL INTELLIGENCE AGENCY

Washington, D.C.

April 1966

This Gazetteer is issued as a standard component of the National Intelligence Survey for Burma and lists official standard names approved by the United States Board on Geographic Names. These names supersede all previous decisions on geographic names in this area. This Gazetteer also lists the variants of official standard names for reference purposes. These variants are not approved as standard names.

This Gazetteer will be adequately maintained by published revision.

Distribution of this publication is made by the Central Intelligence Agency and is for official use only.

FOREWORD

This gazetteer contains about 52,000 entries for places and features in Burma. The entries include standard names approved by the Board on Geographic Names and unapproved variant names, the latter cross-referenced to the standard names. *Users of the gazetteer should always refer to main entries for approved names.*

The name coverage corresponds approximately to that of maps at the scale of 1:250,000. Entries include the names of first- and second-order administrative divisions, populated places of all sizes, various other cultural entities, and a variety of physical features.

Interpretation of entries

It has been necessary to express in code numbers and letters some of the information in the gazetteer in order to accommodate it to the machine method of tabulation.

Name—Approved standard names and unapproved variant names appear in the first column. The variant names are always cross-referenced to the standard names by use of the word "see." Where part of a name is underlined, the use of the part not underlined is optional. Where two or more names are approved for a feature, each is identified in parentheses and any or all may be used. All names are listed alphabetically beginning with the specific element; thus, since *nam* is a generic term meaning "stream", Nam Lam is listed as Lam, Nam.

The diacritical marks used in the geographic names of Burma are the grave (`) and circumflex (^) accents, the macron (¯), and the dieresis (¨). The apostrophe (') and hyphen (-) also occur. All separate, unhyphenated words are capitalized.

Designation—The second column contains designations or abbreviations of designations, as listed below. Since practically all geographic terms have varied meanings, the senses in which the designator terms are used and the range of features to which they are applied *in this gazetteer* are stated in the list to reduce ambiguity. The distinctions that can be made in a given gazetteer will vary with the quality of the maps of the area and with the nature of the entities that are named. In Burma some of the features do not fit precisely into the categories used to designate them and others could be designated in two or more ways.

ADMD	administrative division (first-order, *division, state;* second-order, *district*)
BAR	bar (deposit of water-borne materials at or below water level in the channel or at the mouth of a navigable stream)
BAY	bay
CAPE	cape (seaward end of a projection of land of such position and size as to affect the course of ships)
CHNM	marine channel (channel between coastal islands, reefs, or shoals; between an offshore feature and the mainland; or through a shallow marine waterbody)
CHNS	stream channel (separately named lesser channel around an island or bar in a stream)
CLF	cliff (high, steep rock face overlooking a lower area)
CMP	campsite (site, with or without resthouses or other structures, developed and maintained by the Forest or Public Works Department for the use of travelers or government officials; usually located in forest reserves or on highways)
CNLI	irrigation canal
CNLN	navigation canal
COVE	cove
CRKT	tidal creek (watercourse tidal in all or most of its length; usually short, without extensive tributary drainage areas, and located in coastal marsh or other wetland)

APPROVED FOR RELEASE: 2007/02/09: CIA-RDP01-00707R000100140008-5

APPROVED FOR RELEASE: 2007/02/09: CIA-RDP01-00707R000100140008-5

CST	coast (broad zone paralleling the margin between land and sea and overlapping both)
DLTA	delta
DTCH	irrigation ditch
ENTR	entrance (opening from the sea into a lagoon, bay, or harbor)
FLTT	tidal flat (coastal area alternately submerged and exposed by tide)
FT	fort (defensive structure or works, generally of little or no present military significance; may be in a state of ruin)
FY	ferry (boat or other floating conveyance and terminal facilities regularly used to transport people and vehicles across a river)
GRGE	gorge (relatively narrow, steep-sided segment of a streamcourse)
GULF	gulf
HBR	harbor (body of water providing shelter for ships)
HDLD	headland (conspicuously high piece of land jutting out into or fronting the sea)
HLL	hill (landform of moderate relief, moderate elevation, and small summit area)
HLLS	hills
ISL	island
ISLS	islands
ISTH	isthmus (narrow strip of land joining two wider land areas and separating two waterbodies)
LK	lake
MRSH	marsh (wetland characterized by grasses or bush vegetation and few or no trees)
MT	mountain (landform of conspicuous relief, moderate to high elevation, and small summit area)
MTS	mountains; mountain range
PASS	pass (way over, through, or between mountains or other high land)
PCLI	independent political entity (republic)
PEN	peninsula
PGDA	pagoda (tower-like structure, usually of several stories, used as a temple or memorial)
PK	peak (separately named summit on a more extensive elevation)
PLAT	plateau (elevated area of flat to rolling surface; may exhibit considerable local relief due to dissection or the presence of hills or mountains rising above the general surface level)
PPL	populated place (city, town, village, settlement; may include some permanent or temporary huts. Occasionally two or more populated places of the same name occur in close proximity.)
PPLQ	deserted village
PPLX	section of populated place (part of a city or contiguous urbanized area named as an entity but having no known administrative status; one of two or more minor settlements having a collective name)
PT	point (relatively minor projection of land into a waterbody, or its extremity)
RCH	reach (relatively straight, low-gradient segment of a river)
RDGE	ridge (elongated, relatively narrow relief feature with a more or less continuous crest)
RDST	roadstead (area of navigable water, less protected than a harbor, suitable for the anchorage of ships)
RESF	forest reserve (tract of land especially reserved and demarcated by the government, within which the unauthorized cutting of trees is prohibited)
RF	reef (offshore consolidated-rock hazard to navigation with a least depth of ten fathoms or less)
RH	resthouse (structure provided and maintained by a government agency for the temporary use of travelers and government officials)
RKSW	rocks in water

APPROVED FOR RELEASE: 2007/02/09: CIA-RDP01-00707R000100140008-5

APPROVED FOR RELEASE: 2007/02/09: CIA-RDP01-00707R000100140008-5

RKW	rock in water
RPDS	rapids
RSTN	railroad station
RSV	reservoir; tank (small impoundment of water, perennial or seasonal)
SCRP	escarpment (more or less continuous line of cliffs or steep slopes facing in one direction; caused by differential erosion or faulting or both)
SD	sound (broad, open body of marine water more or less circumscribed by islands, rocks, shoals, and/or the mainland)
SEA	sea
SHOL	shoal (offshore hazard to navigation composed of unconsolidated material and having a least depth of ten fathoms or less)
SPNG	spring
SPUR	spur (short sloping ridge extending laterally from a mountain or other elevation)
STM	stream
STMA	anabranch (stream that leaves the main stream and rejoins it after a separate course for a considerable distance)
STMD	distributary (secondary watercourse carrying part of the drainage of a larger stream into another waterbody; characteristic of deltas)
STMX	section of stream (separately named part of a stream, not delimited by significant confluences; separately named section of a stream having the same other name applied both above and below it, whether or not the section is delimited by confluences)
SWMP	swamp (wetland, generally with trees)
VAL	valley
WTCD	deltaic watercourse (minor watercourse connecting distributaries or other drainage features on a delta)
WTLD	wetland (marsh, swamp, or other poorly drained area with a mixture of tree and grass vegetation or with unspecified vegetation)

Latitude and longitude—The third and fourth columns indicate geographic coordinates, with longitude based on Greenwich. Coordinates were generally read to the nearest minute and are for finding purposes only.

Coordinates were read at the map symbol for populated places and other entities occupying limited sites, at the mouths or lower ends of streams, at the summits of mountains and hills, at the extremities of capes and points, and near the centers or midpoints of other features.

Area number—The number in the fifth column indicates the first-order administrative unit of Burma in which the place or feature is located, as listed below:

45700	Burma (general)	45707	Shan State
45701	Chin Special Division	45708	Kayah State
45702	Sagaing Division	45709	Irrawaddy Division
45703	Kachin State	45710	Pegu Division
45704	Arakan Division	45711	Kawthule State
45705	Magwe Division	45712	Tenasserim Division
45706	Mandalay Division		

The general number (45700) is used for international features and for features in two or more first-order administrative units.

Locational reference—A number other than 00 in the last column indicates a map on which the feature may be located by its standard name or a recognizable variant of its standard name, as follows:

01 *Burma*, Survey of India; scale 1:253,440.
02 *Burma*, Survey of India; scale 1:63,360.
03 *Burma*, Survey of India; scale 1:126,720.
04 British Admiralty charts, Hydrographic Department, Admiralty, London; various dates and scales.

APPROVED FOR RELEASE: 2007/02/09: CIA-RDP01-00707R000100140008-5

APPROVED FOR RELEASE: 2007/02/09: CIA-RDP01-00707R000100140008-5

The code 00 is used for cross-references and for standard names found only on references other than those listed above.

Glossary of generic terms

The following terms occur as the generic parts of standard names listed in the gazetteer. The meanings given include those supported by application to features named in the gazetteer, whether or not these meanings are given in dictionaries.

aw ..... cove, bay
bam ..... mountain
bum ..... hill(s), mountain(s)
bumnwe ..... mountain
chaung ..... stream, stream channel, section of stream, tidal creek, deltaic watercourse, distributary, anabranch, irrigation canal
chaunggyi .... stream
chaungng[illegible] .... stream
chi ..... stream
chiang ..... stream
daung ..... hill(s), mountain(s), island
hawng ..... stream
he ..... stream
hka ..... stream, section of stream
hkao ..... mountain
hkyet ..... pass
hlaing ..... mountain
hmaw ..... point, rock in water
ho ..... stream
hpawng ..... mountain
hui ..... stream
hwè ..... stream
in ..... lake, swamp, marsh, wetland
kan ..... tank
kaung ..... hill, mountain(s)
kawng ..... mountain
khao ..... hill, mountain, peak
kho ..... mountain
klang ..... hill(s), mountain(s), ridge, spur
klōhng ..... stream
koh ..... island
kondan ..... hills, mountains
k'ou ..... pass
ku ..... mountain
kyauk ..... rock in water
kyaung ..... stream
kyaw ..... mountains
kyun ..... island
kyungyi ..... island
kyunzu ..... islands
laung ..... stream
law ..... stream
l'ka ..... pass
loi ..... hill, mountain(s), peak, ridge
lui ..... stream
madin ..... mountain(s), ridge
mahazedi ..... pagoda
maw ..... point, headland
mawgyi ..... headland
mawn ..... mountain
mè ..... stream
mthung ..... mountain
mual ..... hills, mountain
myaung ..... stream
myit ..... stream
nam ..... stream, section of stream
nawng ..... lake, marsh
ngu ..... point
noi ..... hill, mountain
pām ..... mountain
paya ..... pagoda
pulo ..... island
pum ..... hill, mountain
rame ..... stream
razi ..... mountain
sakan ..... campsite
shan ..... hill, mountain

APPROVED FOR RELEASE: 2007/02/09: CIA-RDP01-00707R000100140008-5

APPROVED FOR RELEASE: 2007/02/09: CIA-RDP01-00707R000100140008-5

shan-k'ou ..... pass
songkai ..... stream
sungĕi ..... stream
taung ..... hill(s), mountain(s), mountain range, ridge, peak, point, island, rocks in water
taungdan ..... hill(s), mountain(s), mountain range, ridge, escarpment
taunggyi ..... mountains
taungyo ..... mountains
ti ..... stream
tlāng ..... mountain(s)
tom ..... stream
tung ..... hill, mountain
va ..... stream
vum ..... mountain
wāng ..... stream
yegyaw ..... deltaic watercourse
yo ..... stream, stream channel, deltaic watercourse; ridge
yoma ..... hills, mountain range
yu ..... stream
yung ..... hills, mountain(s)
zung ..... hill, mountain(s)

Additional name list

The following publication contains names not included in this gazetteer and may be helpful as a finding list:

Gazetteer of Burma, Director of Survey (India), October 1944.

Reporting of errors

It is requested that all who use this gazetteer aid in its correction for future printings by reporting errors to the Board on Geographic Names, Department of the Interior, Washington, D.C. 20240. A statement of the source of the correct information will be helpful.

Geographic names or their spellings do not necessarily reflect recognition of the political status of an area by the United States Government.
