OFFICIAL STANDARD NAMES

for

Malaysia

approved by the

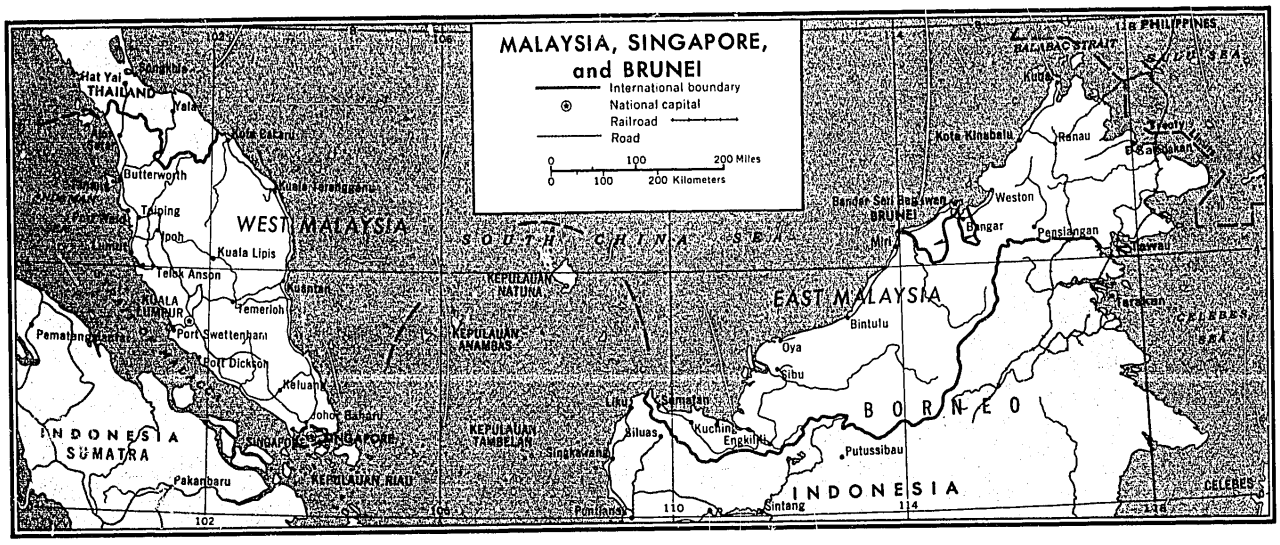

UNITED STATES BOARD ON GEOGRAPHIC NAMES

This Gazetteer on Malaysia is issued under the NIS maintenance program. It supersedes the NIS Gazetteer on British Indonesia, dated October 1952, copies of which should be destroyed.

Prepared in the
Geographic Names Division, U.S. Army Topographic Command
Coordinated and published by the Central Intelligence Agency
Washington, D.C. 20505, November 1970

FOREWORD

This gazetteer contains about 62,000 entries for places and features in Malaysia, Singapore, and Brunei in five parts as follows: West Malaysia 34,150 entries, Singapore 950 entries, Sabah 6,200 entries, Sarawak 19,400 entries, and Brunei 1,300 entries. (See Table of Contents at the end of this foreword.) The entries consist of standard names approved by the Board on Geographic Names and unapproved variants, the latter cross-referenced to the standard names. *Users of the gazetteer should always refer to main entries for approved names.*

Malaysia comprises the southern half of the Malay Peninsula and two states on the north coast of Borneo. The states on the peninsula compose the region of Malaysia Barat (West Malaysia); the states of Sarawak and Sabah on Borneo are known as Malaysia Timor (East Malaysia). The Republic of Singapore, at the south end of the Malay Peninsula, was originally a state of Malaysia before independence in 1965. The independent State of Brunei, a coastal enclave in northeastern Sarawak, was invited to join the Malaysian federation but declined, remaining a protectorate of the United Kingdom. All are within the framework of the British Commonwealth of Nations.

The contribution to this gazetteer by Jabatanarah Pemetaan Negara, Malaysia (Directorate of National Mapping, Malaysia) and the Survey Departments of Singapore and Brunei is gratefully acknowledged. The entire body of names included herein was reviewed by their staffs to insure accuracy, inclusion of latest information, and incorporation of recent changes in the orthography of the Malay language.

The names in this gazetteer supersede those in all previous Board lists for the areas concerned.

Entries include names of first- and second-order administrative divisions, populated places of all sizes, various other cultural entities, and a variety of physical features.

Interpretation of entries

It has been necessary to express in code numbers and letters some of the information in the gazetteer in order to accommodate it to the machine method of tabulation.

Name.—Approved standard names and unapproved variant names appear in the first column. The variant names are always cross-referenced to the standard names by use of the word "see". Where part of a name is underlined, the use of the part not underlined is optional. Where two or more names are approved for a feature, each is identified in parentheses and any or all may be used. Names containing generic elements preceding the specific term (except names of populated places) are alphabetized by the specific part; thus Bukit Ading, the name of a hill, is listed as Ading, Bukit.

In a few of the names a tick (′) appears following a vowel. In different types of print this symbol appears either as an apostrophe (') or as a tick (′). This usually represents a glottal stop in names of Malay and other indigenous languages and should be rendered as an apostrophe if possible.

Designation.—The second column contains designations or abbreviations of designations, as listed below. Since practically all geographic terms have varied meanings, the senses in which the designator terms are used and the range of features to which they are applied *in this gazetteer* are stated in the list to reduce ambiguity. The distinctions that can be made in a given gazetteer will vary with the quality of the maps of the area and with the nature of the entities that are named. In Malaysia, Singapore, and Brunei some of the features do not fit precisely into the categories used to designate them and others could be designated in two or more ways.

ADMD	administrative division (first-order: *state* in Malaysia, *district* in Brunei; second-order: *district* in Malaysia)
AIRF	airfield (place where aircraft land and take off, with runways and related improvements but without well-developed facilities for the commercial handling of passengers and cargo)

APPROVED FOR RELEASE: 2007/02/20: CIA-RDP01-00707R000200030011-2

APPROVED FOR RELEASE: 2007/02/20: CIA-RDP01-00707R000200030011-2

AIRP	airport (place where aircraft regularly land and take off, with runways and major facilities for the commercial handling of passengers and cargo)
ANCH	anchorage (place within a harbor or roadstead where ships may anchor)
BAR	bar (deposit of water-borne materials in or beside a stream channel)
BAY	bay
BCH	beach (deposit of sand or other unconsolidated material along a shore)
BGHT	bight (open body of water forming a slight recession in a coastline)
BND	stream bend (land enclosed by the bend of a stream)
CAPE	cape (seaward end of a projection of land of such position and size as to affect the course of ships)
CAVE	cave(s) (underground cavity, usually in soluble rock)
CHNM	marine channel (channel between coastal islands, reefs, or shoals; between an offshore feature and the mainland; or through a shallow marine waterbody)
CHNS	stream channel (separately named lesser channel around an island or bar in a stream)
CLF	cliff(s) (high, steep rock face overlooking a lower area, such as a waterbody, coastal lowland, or valley); bluff (high, steep slope without conspicuous exposed rock, facing a lower area)
CNFL	confluence (place where two or more streams flow together)
CNL	canal
COVE	cove
CRKT	tidal creek (watercourse tidal in all or most of its length; usually short, without extensive tributary drainage areas, and located in coastal marsh or other wetland)
DAM	dam (barrier constructed across a stream to impound water)
DCKB	docking basin (section of a harbor where boats dock)
DTCH	ditch (small artificial watercourse)
ESTA	plantation (commercialized, usually one-crop agricultural landholding with associated dwellings and other facilities, having unified ownership and management but requiring more than a single-family labor force)
FLL	waterfall
FRST	forest reserve
FT	fort (defensive structure or works, generally of little or no present military significance; may be in a state of ruin); military post
GRGE	gorge (relatively narrow, steep-sided segment of a streamcourse)
HBR	harbor (body of water providing shelter for ships)
HDLD	headland (conspicuously high piece of land jutting out into or fronting the sea)
HLL	hill (landform of moderate relief, moderate elevation, and small summit area)
HLLS	hills
ISL	island
ISLQ	former island
ISLS	islands
LCTY	locality (open area of unspecified or mixed character)
LDNG	landing (place where small boats are tied up or beached when not in use; place where boats touch land for the purpose of taking on or discharging people or cargo)
LGN	lagoon (waterbody along a coast, largely or wholly cut off from the sea by a barrier beach or other depositional feature)
LICK	salt lick(s) (place where the ground is impregnated with saline particles to which animals come for salt)
LK	lake (includes wide sections of streams); oxbow lake
MGV	mangrove swamp (wetland with mangrove vegetation)
MN	mine
MNS	mines
MT	mountain (landform of conspicuous relief, moderate to high elevation, and small summit area)
MTS	mountains; mountain range

APPROVED FOR RELEASE: 2007/02/20: CIA-RDP01-00707R000200030011-2

APPROVED FOR RELEASE: 2007/02/20: CIA-RDP01-00707R000200030011-2

PAL	palace (official residence of a ruler)
PASS	pass (way over or between mountains or other high land)
PCLI	independent political entity (republic, protected state)
PEN	peninsula (area of land projecting into and largely, but not entirely, surrounded by water)
PK	peak (separately named summit on a more extensive elevation)
PLAT	plateau (elevated area of flat to rolling surface; may exhibit considerable local relief due to dissection or the presence of hills or mountains rising above the general surface level)
PLN	plain (landform of low relief, slope, and elevation)
PND	pond
POOL	pool (broader, deeper part of a stream at a bend)
PPL	populated place (city, town, village, settlement; includes individual multi-family dwellings)
PPLX	section of populated place (part of a city or contiguous urbanized area named as an entity but having no known administrative status)
PRK	national park
PT	point (relatively minor projection of land, or its extremity, into a waterbody)
RCH	reach (relatively straight, low-gradient segment of a river)
RDGB	beach ridge (raised beach or sandbank in rice fields or in coastal swamps)
RDGE	ridge (elongated, relatively narrow relief feature with a more or less continuous crest)
RDJC	road junction
RDST	roadstead (area of navigable water, less protected than a harbor, suitable for the passage and anchorage of ships)
RES	reservation (Malay or aboriginal)
RESA	agricultural reserve
RESN	nature reserve (includes water catchment areas)
RF	reef(s) (offshore consolidated rock hazard to navigation with a least depth of twenty meters, or ten fathoms, or less)
RGN	region (large area recognized as an entity by reason of the unity of its history, people, landscape, or other condition or a combination of conditions)
RH	resthouse
RKL	rock on land
RKSL	rocks on land
RKSW	rocks in water
RKW	rock in water (individual rock of such character and importance as to be identified by name, situated either above or below the surface of a body of water; often associated with reefs but separately named)
RPDS	rapids
RSTN	railroad station (building used for the transaction of railroad business, located beside a railroad track at a point where trains regularly stop to take on and discharge passengers or freight)
RSTP	railroad stop (place without a station building where trains stop for passengers or freight)
RSV	reservoir (large artificially impounded body of water)
RVN	ravine (short, steep, V-shaped watercourse)
SCHU	university
SEA	sea
SHOL	shoal(s) (offshore hazard to navigation with a least depth of twenty meters, or ten fathoms, or less, composed of unconsolidated material)
SHRN	shrine
SPIT	spit (projecting tongue of beach material deposited by a coastal current)
STM	stream
STMA	anabranch (stream that leaves the main stream and rejoins it after following a separate course for a considerable distance)
STMC	canalized stream (stream that has been canalized, ditched, diked, or straightened for any purpose, yet retains in part the characteristics of the original stream)
STMD	distributary (secondary watercourse carrying part of the drainage of a larger stream into another waterbody; characteristic of deltas)
STMM	stream mouth

APPROVED FOR RELEASE: 2007/02/20: CIA-RDP01-00707R000200030011-2

APPROVED FOR RELEASE: 2007/02/20: CIA-RDP01-00707R000200030011-2

STMX	section of stream (separately named part of a stream, not delimited by significant confluences)
STNA	agricultural station
STNH	hill station
STRT	strait (relatively narrow water passage connecting large bodies of water); section of strait
WTCD	deltaic watercourse (lesser watercourse connecting distributaries or other drainage features on a delta)
WTLD	wetland (marsh, swamp, or other poorly drained area with a mixture of tree and grass vegetation or in rice cultivation)

Latitude and longitude.—The third and fourth columns indicate geographic coordinates, with longitude based on Greenwich. Coordinates were generally read to the nearest minute and are for finding purposes only.

Coordinates were read at the map symbol for populated places and other entities occupying limited sites, at the mouths or lower ends of streams, at the summits of mountains and hills, at the extremities of capes and points, and near the centers or midpoints of other features.

Area number.—The number in the fifth column indicates the first-order administrative division in which the place or feature is located, as listed below:

46300	West Malaysia (general)	46309	Negeri Sembilan
46301	Perlis	46310	Melaka
46302	Kedah	46311	Johor
46303	Pinang	46400	Singapore
46304	Perak	46900	East Malaysia (general)
46305	Kelantan	46910	Sabah
46306	Terengganu	46930	Sarawak
46307	Pahang	47000	Brunei
46308	Selangor		

The general numbers (46300 and 46900) are used for international features and for features in two or more first-order administrative divisions.

Glossary of generic terms

The following terms occur in the standard names listed in the gazetteer. The meanings given include those supported by application to features named in the gazetteer, whether or not these meanings are given in dictionaries. Unless identified as Thai, all terms are Malay except for about a dozen from non-Malay languages and dialects of Borneo.

alor	stream, stream channel, distributary, anabranch, canal, ditch, tidal creek, lagoon
ampang	dam
anak ayer	stream
anak sungai	stream
apo, apad	mountain
arur, aur	stream, anabranch
ayer	stream, stream mouth
bagan	landing
bang	stream
banjaran	mountains, mountain range
baroh	locality (lowland), wetland
batang	stream, distributary, deltaic watercourse, tidal creek, marine channel
batu	rock on land, rock(s) in water, hill, mountain, peak, point, island, reef
bendang	wetland
beting	shoal, reef
bukit	hill, mountain, peak, ridge, rock on land
busong	shoal
chabang	stream
changkat	hill, mountain
charok	stream
chegar	rapids
daerah	second-order administrative division
danau	wetland
empang	dam

APPROVED FOR RELEASE: 2007/02/20: CIA-RDP01-00707R000200030011-2

genting ..... pass
giam ..... rapids
gua ..... cave
gunong ..... mountain, hill, mountain range, peak
hulu sungai ..... stream
hutan baroh ..... wetland
istana ..... palace
jenut ..... salt lick(s)
jeram ..... rapids
karang ..... rock in water
kebun ..... plantation, estate
kenting (Thai) ..... pass
kepulauan ..... islands
kerangan ..... rock in water
keramat ..... shrine
klong (Thai) ..... stream
kolam ..... pond
kuala ..... stream, stream mouth, marine channel
kuan (Thai) ..... hill, mountain
kunung (Thai) ..... mountain
labohan ..... anchorage
ladang ..... plantation
lam (Thai) ..... stream
lata ..... waterfall, rapids
lembah ..... wetland
loagan ..... lake, oxbow lake, tidal creek, stream channel
loba ..... stream, stream channel, distributary, anabranch, deltaic watercourse, tidal creek
lok ..... bay
long ..... stream mouth
luagan ..... lake, oxbow lake, tidal creek, stream channel
lubok ..... pond, pool, oxbow lake, wetland, bay
malang ..... rock(s) in water
merabang ..... stream
muara ..... stream mouth, deltaic watercourse, marine channel
munggu ..... hill, mountain
nanga ..... stream mouth, stream
olak ..... rapids
pa ..... stream
padang ..... wetland, locality
paloh ..... pond
panchor ..... stream
panggong ..... dam
pangkalan ..... landing
pantai ..... beach, bar
parit ..... ditch, canal, streamchannel, stream, canalized stream
pasir ..... bar, beach, spit
paya ..... wetland
pegunongan ..... mountains
pelabohan ..... harbor
pemintas ..... ditch, anabranch
pengkalan ..... landing
perhentian ..... railroad station, railroad stop
permatang ..... beach ridge
pulau ..... island(s), rock(s) in water, peninsula, reef, former island
raan ..... mountain
rantau ..... reach
redang ..... wetland
riam ..... rapids
ruan ..... mountain
selat ..... strait, marine channel, deltaic watercourse
setesen, setesen keretapi ..... railroad station
simpang ..... road junction, railroad station; confluence, stream
solok ..... resthouse
suak ..... stream

sungai	stream, section of stream, canalized stream, distributary, anabranch, stream channel, deltaic watercourse, ditch, canal, marine channel, tidal creek, lagoon, oxbow lake
tali ayer	ditch (irrigation)
taman	national park
tanjong	point, cape, headland, peninsula, stream bend
tasek, tasik	lake, pond, wetland
tebing	shoal
telok	bay, bight, cove, pool, lake, strait
terembu	reef
terusan	marine channel, tidal creek, stream channel, ditch, canal, distributary, deltaic watercourse, canalized stream
tinteng	ridge, hill, mountain
tokong	rock in water, island
tukun	rock(s) in water
ujong	point
ulu	stream, distributary, deltaic watercourse
ulu sungai	stream
wong	rapids

Reporting of errors

It is requested that all who use this gazetteer aid in its correction for future printings by reporting errors and name changes to the Board on Geographic Names, Department of the Interior, Washington, D.C. 20240. A statement of the source of the correct information will be helpful.

Geographic names or their spellings do not necessarily reflect recognition of the political status of an area by the United States Government.
