

PRELIMINARY NIS GAZETTEER  
**Cyprus, Malta,  
and Gibraltar**

IA-85002347

POST OFFICE  
MAY 12 A 9 10

FOR OFFICIAL USE ONLY

**CENTRAL INTELLIGENCE AGENCY**

**WASHINGTON, D. C.**

**January 1953**

**This Preliminary Gazetteer for Cyprus, Malta, and Gibraltar is issued in one volume as part of the National Intelligence Survey program and lists official standard names approved by the United States Board on Geographic Names. These names supersede all previous decisions on geographic names in this area. For features lying within adjacent areas, refer to appropriate Gazetteer.**

**This Gazetteer is issued on a preliminary basis to expedite availability of this work material for use in the preparation of the National Intelligence Surveys. It is contemplated that major additions and revisions will be published in supplemental volumes and that subsequently the material will be consolidated and published as a standard component of the National Intelligence Survey for Cyprus, Malta, and Gibraltar.**

**Distribution of this publication is made by the Central Intelligence Agency.**

PRELIMINARY HIS GAZETTEER

# Cyprus, Malta, and Gibraltar

Official Standard Names Approved by the  
**UNITED STATES**  
**BOARD ON GEOGRAPHIC NAMES**

Prepared in the Division of Geography, Department of the Interior

Published by the Central Intelligence Agency  
Washington, D. C. January 1953

---

APPROVED FOR RELEASE: 2007/02/20: CIA-RDP01-00707R000200040012-0

FOREWORD

This gazetteer contains about 2,735 entries: 1,470 for places and features in Cyprus (pages 1 to 41), 1,160 for Malta (pages 43 to 78), and 85 for Gibraltar (pages 79 to 82). The scale of map coverage is about 1:250,000 for Cyprus, 1:30,000 for Malta, and 1:5,000 for Gibraltar.

Glossary of generic terms

The following glossary contains Maltese generic terms occurring in the standard names listed for Malta. (Approved names for Cyprus and Gibraltar contain only English generic terms.) Each of the meanings applies in the case of one or more of the standard names.

blata	rocks, rocky coast	kalanka	cove, inlet
cala	cove, inlet	kolla	hill
cap	cape	ponta	point
dabliet	inlet	ramia	bay, inlet
fort	fort	ras	point, cape, headland
gebel	rock, hill	rdum	beach, shoal
ghaja	spring	skol	shoal, rock
ghar	bay, cove, cave	torri	tower
hagra	rock	wied	wadi, inlet

Interpretation of entries

It has been necessary to express in code numbers and letters some of the information regarding places and features listed in the gazetteer in order to accommodate it to the machine method of tabulation.

Names.--Standard names and cross-references from variant names appear in the first column. Where two names are approved for a feature, each is identified in parentheses and either or both may be used. Where part of a name is underlined, the use of the nonunderlined part is optional. Names of physical features that include both specific and

generic elements are alphabetized by specific part, thus Cape Arnauti is listed as Arnauti, Cape. The ligatures Æ and Œ are indicated by the tie Ǣ, Œ̄. In Malta, there are four modified letters H, Ċ, Ġ, Ż. The H should appear as h, when lower-case is required. In names that include English generic terms, these marks are omitted.

Designation.--Designations, in the second column, are sometimes abbreviated and represent groups of features, as follows:

AREA	area, former territory	MTS	mountains
BAY	bay, inlet	POPL	populated place
BCH	beach	POST	trading post
CAPE	cape, headland	PT	point
CAVE	cave(s)	RCKS	rocks
CHAN	channel	RDGE	ridge
CLIF	cliff, bluff	REGN	region
COL	colony	RSVR	reservoir
CST	coast	SECI	section of an island
DIST	district	SECP	section of a populated place
FLAT	flat(s)	SHOL	shoal(s)
FORT	fort, fortress	SITE	ancient site, ruins
HBR	harbor	SPIT	sandspit
HILL	hill(s)	SPRG	spring(s)
ISL	island, islet	STR	strait, water passage
ISLS	islands, islets	STRM	stream
LCTY	locality	TWR	tower
MON	monastery	UPLD	upland, highland
MT	mountain		

Latitude and longitude.--Coordinates, in the third and fourth columns, are for finding purposes only. They were generally read to the nearest minute.

Administrative division.--The number in the fifth column is the code number assigned to the area: 209, Malta; 347, Gibraltar; 412, Cyprus.

Locational reference.--The code number in the last column indicates a map or chart on which the feature may be located by its standard name or a name recognizable as a variant of its standard name. The numbers refer to the following maps and charts:

- 01 *Cyprus*, GSGS 3974, Geographical Section, General Staff, War Office, London, 1935 (3d ed., 1942); scale 1:253,440.
- 02 *Cyprus 1:50,000*, GSGS 4242, 2d ed., 1942 (reprinted as AMS 2, 1943).
- 03 *Plan of the Fortress and Peninsula of Gibraltar*, GSGS 4389, 1944; scale 1:5,280.
- 04 *Malta and Gozo*, GSGS 3859, Ordnance Survey Office, Southampton, 1934 (2d ed. reproduced by War Office, 1948); scale 1:31,680.
- 05 *Map of Malta*, GSGS 3752, Office of Public Works, Valletta, various dates (reprinted by Ordnance Survey 1939-42); scale 1:2,500.

06 British Admiralty charts.

The code 00 is used for cross-references and for the few standard names not to be found on references listed above.

Reporting of errors

It is requested that all who use this gazetteer aid in its correction for future printings by reporting errors to the Board on Geographic Names, Interior Department Building, Washington 25, D. C. A statement of the source of the correct information will be helpful.

Other gazetteers

The following publication may be helpful as a finding list, though the names in it are not approved by the Board as standard names:

*Cyprus: Index gazetteer Showing Place-Names on 1:50,000 Map Series*. Survey Directorate, General Headquarters, Middle East, Cairo, 1946. Contains names, designations, and grid locations.
