work part-time. Tuition may be paid on the installment plan. Applications for honor scholarships should be filed by April 1. Application is sent after all of the credentials are complete. The deadline for financial aid applications is open. The PCS is reviewed.

Admissions: Recently, 494 applications were received, 440 of which were accepted, and 235 freshmen were admitted. About 45% of the freshmen ranked in the top fifth of their high school class; 45% of them scored between 16 and 20 on the English section of the ACT, and 44% of them scored this on the mathematical section of the ACT.

Standards: Applicants should rank in the upper half of their senior classes, and have a C average. Special attention is given to the results of the entrance examinations, to the school record, and to the guidance counselor's recommendation. Fifteen college units are also required, including 4 years of English, 2 of mathematics, 2 of social studies, and 1 of science. The College considers the reputation and accreditation of the high school, and looks for advanced placement or honor courses and scholarship potential. If the SAT is taken, scores should be above 50 on each part; scores must be above 400 on each part to be considered for admission. The College seeks a national distribution of its student body.

Procedure: Either the ACT or SAT is required; the ACT is preferred, but out-of-state applicants may take the SAT. It is suggested that all tests be taken in January of the senior year. An interview is recommended. It is suggested that applications be filed by September 1, and, definitely, by June 1 if dormitory space is desired. There is no application fee. Notification is sent promptly after all of the credentials are received. The College has an informal acceptance program. Early Decision, Early Admission, and Deferred Admissions are available. CLEP general subject exams are accepted.

Transfer: About 75 transfer students were enrolled. Freshmen and transfer students are admitted to all terms.

The University of Kentucky, a land-grant institution founded in 1865, offers many services, including lower division courses, undergraduate and graduate instruction, and research. Sixteen colleges and schools of this state-controlled University grant degrees.

One hundred major buildings are located on the main campus of 350 acres in Lexington, a city of more than 150,000 people. The Medical Center includes the Colleges of Allied Health Professions, Dentistry, Medicine, and Nursing, and the University Health Service and Hospital. The Agricultural Science Center is a \$4 million complex of laboratories, greenhouses, and hives, and the home of the National Tobacco Research Laboratory. The library contains over 1.5 million volumes, 33,000 periodicals, and 1,059,000 microfilm items. The University has its own FM radio station and closed-circuit television center, post office, theater, and printing plant. Residence facilities include a new complex housing 2700 men and women in twin 23-story towers. The University farms and experimental stations throughout the state contain more than 24,000 acres for agricultural research.

Approximately 80% of the 1495 faculty members hold doctorates; salaries for professors are at the national average. The University operates on the semester system and offers 2 summer sessions. Accreditation is granted by the Southern Assoc. and the National Council for Accreditation of Teacher Education.

Student Life: The majority of students (86%) are from Kentucky; about one-third reside on campus.

There are religious organizations on campus for the 3 major faiths. Social fraternities and sororities offer dining, residence, and/or recreation facilities. Intercollegiate sports offered are baseball, basketball, football, gymnastics, soccer, swimming, tennis, track, and wrestling. The University sponsors numerous extracurricular activities and groups, both social and cultural. There are student representatives (nonvoting) on the major administration-faculty committees.

Drinking on campus is forbidden. Women resident students follow a sign-out procedure. Only juniors and seniors may have cars on campus. Intervisitation hours in dorms are determined by the administration. The University offers placement, health care, career and psychological counseling, and tutoring services to all students.

Programs of Study: Undergraduate degrees are granted by the University through the College of Agriculture (B.S.Ag.), the College of Allied Health Professions (B.S. in Dental Hygiene, B.S.Med.Tech., B.S. in Physical Therapy), the College of Architecture (B.Arch.), the College of Arts and Sciences (B.A., B.A. in Journalism, B.Mus., B.S.), the College of Business and Economics (B.B.A., B.S. in Accounting, B.S. in Business and Economics), the College of Education (B.A.Ed.), the College of Engineering (B.S. in Agricultural Engineering, Chemical Engineering, Civil Engineering, Electrical Engineering, Mechanical Engineering, or Metallurgical Engineering), the College of Home Economics (B.S.H.E.), the College of Nursing (B.S.N.), the College of Pharmacy (B.S.Pharm.), and the College of Social Professions (B.A. in Social Work). A student may select an area of concentration from 133 major fields.

Required: All entering freshmen are required to complete 2 semesters of English composition. Requirements for graduation include a 2.00 average and the completion of work in 4 divisions or components: general studies, premajor or preprofessional courses, major or professional studies, and free electives.

Special: A University Honors Program is available to qualified students. There is a 3-2 Engineering program with Thomas More College, Eastern Kentucky University, and Georgetown College. The University also offers a work-study, 5-year program which is on a voluntary basis. The Donovan Fellowship program offers courses to adults over 65 free of cost. There is a General Studies major, and students may design their own areas of concentration.

Expenses: The annual tuition for residents is \$480; nonresidents \$1210. Room and board costs in University dormitories average \$1410. Books and supplies come to \$150. Personal expenses are estimated at \$420.

Approximately 25% of the students receive some form of financial aid through scholarships, jobs, or loans. There is available about \$120,000 in scholarships in Engineering. The University administers NDSL, EOG, CWS, and University programs. The FAF or PCS is required and applications must be in by February 15. The FAF is preferred for Kentucky residents.

Admissions: Recently, the University received 6642 applications, accepted 5167, and enrolled 3318 freshmen.

Standards: Applicants must be graduates of accredited high schools and have at least a 2.00 average. The high school transcript is not required. The University requires that the candidate score in the upper 50 percentile of the ACT. Advanced placement or honor courses are a factor in the admissions decision.

Procedure: The ACT is required and should be taken by April of the senior year. Results from the junior year test are also acceptable. The deadline for application to the fall session is June 1. There is a simplified admission procedure whereby high school seniors who list the University of Kentucky as their first choice on the ACT Profile, need not submit an application form. Freshmen are admitted to all sessions. The University uses the rolling admissions plan. A personal interview is recommended but not required. There is no application fee. There is an Early Admission plan. AP and CLEP credit is available.

Transfer: About half of the transfer applications are approved, with 1600 students enrolling annually. A 2.00 GPA is required. D grades transfer. Students must study one year in residence. The deadlines are June 1 (fall) and October 15 (spring).
