John,

Here is a tentative agenda for the DCI visit. SAMS0 and AEROSPACE are adjacent to each other and so no travel time involved there. Aerospace provides system integration and technical expertise to the Air Force and SAMS0.

The schedule does not include a visit to [redacted] [redacted] is in downtown Los Angeles and thus would involve ~~45~~ minutes travel time from the airport. Such a meeting would probably be best arranged at the beginning or end of day - could cut one hour from SAMS0/Aerospace visit.

STAT

Alternatively, we could probably borrow the conference room at SAMS0 or Hughes and have [redacted] Security, and other Agency personnel meet the DCI there.

* 15-20 mins non-rush hour
30-45 mins rush hour
