

Ol' Hoot Farrar used to work for Foote Well Service in West Texas. Now he works for WellTech. Same difference.

At the wellsite, company names and logotypes aren't the most important thing. People are. Which is why there's a photo of Ol' Hoot Farrar in this ad.

You see, Hoot works for WellTech which used to be called Foote Well Service. And the customers liked the way he and his buddies got after it. Same people, same equipment different name.

Foote Well Service in West Texas, Mohawk Well Service in South Texas, Chris Well Servicing in Oklahoma, and Lafayette Well Service in Louisiana: they're all WellTech now. Which should make identifying quality people, equipment and service easy, wherever you are. Together they form quite a company: about 500 people like Hoot and approximately 100 well servicing, workover and completion rigs. Quite a company.

A company committed to the goal of becoming the finest in the well servicing and workover industry. Foote Well Service or WellTech.

Same difference.

PREVIEW OF THE MONTH

HOUSTON CLUB TEAM TAKES LAST OF YEAR'S THREE OFFICIAL TIME-OUTS LABOR DAY

The staff of The Houston Club will be celebrating Labor Day, September 6, by abstaining from labor for the day. While they enjoy their well-deserved vacation, your Houston Club will be closed.

The Club's staff wishes all The Club's members a pleasant holiday week-end. They will be back and ready to greet you on September 7.

'SIKH' OUT THE FLAVOR OF INDIA AT BUFFET SEPTEMBER 11

"Kalik," said Gandhi, "announce that the fast will begin," he faltered and only with effort regained his resolve, "... immediately." Then he looked at his friend with the saddest eyes imaginable. "A pity. Tonight was to have been my night for Samosas and Murgi Kari."

Poor Gandhi. Samosas are those precious lamb-filled

pastries seasoned to perfection. And Murgi Kari . . . that's chicken exquisitely prepared by a time-honored recipe invented by the Dravidians a thousand ages ago.

At the Indian Buffet in the Plantation Room on September 11, your Club will be offering you these delicacies and other marvelous goodies, too: endless kinds of condiments, fillet of sole, Bengal-style vegetables, and - something the great Mahatma would never have permitted himself - delicious prime ribs of beef. For a mouth-watering detailed rundown of the entire menu, read Nancy Joy's column in this month's Clubber.

Briefly meditate on the prospect of ravishing your palate with the familiar and the exotic, skillfully blended by your Club's outstanding chefs. Then call 225-1661 to make reservations. Time: 6 to 9:30 PM. Cost: \$9.50 per person.

PICK A SMASHIN' FASHION AT ESTHER WOLF LUNCHEON SPETEMBER 15

The seasons change and with them change ladies' fashions. The world's top designers have some new ideas for what they think will make you look your loveliest this Fall. And Esther Wolf has got the embodiment of many of these new ideas right here in Houston. Her store features an unusually wide range of designer lines.

Ms. Wolf will be sending many fine examples of the latest Fall designer creations along with her to the Plantation Room September 15. Why not avail yourselves of a marvelous opportunity. Play it cool by taking the orderly and relaxed approach to deciding just what new outfits to get into this autumn.

It nearly goes without saying that the fashion parade will be preceded by one of the Club's fantastic light luncheons

starting at 12:15 PM. Aperitif aficionados, come slightly earlier.

So, say "yes" and come. Call The Club at 225-1661 to make your reservations. Cost: \$5.75 per person.

SHRIMP SHUCK COMING UP SEPTEMBER 17 AW, SHUCKS, DEAR, LET'S GO

There once was a shrimp from the sea, Who, when asked as to why he should be, Replied, "Seaman or lubber, I'm meant for some Clubber, And that certainly satisfies me!" —An anonymous shrimp shucker

The quality of the poetry may be questionable, but the quality of The Club's Shrimp Shucks never is. The featured shrimp are enormous and bursting with flavor.

Also, the poet has made no reference at all to the availability of tasty chowder, pitchers of ice-cold beer, tangy sauces or any of the other much-loved Shuck traditionals. Nor is there mention of the orchestra on hand to provide music for dancing. To have done justice to The Club's popular monthly Shrimp Shucks, the poet should have set about writing a really fine epic instead of a limerick.

The Club's next Shuck, on September 17, begins at 7:30 PM in the Texas Room and costs \$9.50 per person. Call 225-1661 for reservations. Participate and, who knows, you and your party may find yourselves immortalized in a stanza someday.

You will want to remain well-informed by hearing Mr. Stout's views based on the hard research data his Corporation has gathered.

Please return to The Club the reservation card The Club will have mailed to you in advance of the scheduled date. Or, if you prefer, please phone in your reservation at 225-1661.

The sequence of events is lunch at noon sharp, speaker's address, question period and adjournment at 1:30 PM. Male guests are welcome. Cost per person is \$5.75.

HOUSTON CLUB GAME PLAN FOR UH/A&M SEPTEMBER 25

The Aggies battle the Cougars on the gridiron for the pigskin September 25. A foreign visitor might puzzle over why an 'aggie' might wish to do combat with a large cat atop a cooking utensil for a porcine epidermis. But The Houston Clubber and football fan knows A&M and the University of Houston are meeting head-on at 7:30 PM in Rice Stadium.

Football in the U.S. is not just another game anymore -

it's become the national game. And any game of the national game is cause for making a day of it. Your Houston Club can certainly help you do that.

Cocktail service in the Lounge will commence on Saturday at 4PM, to be followed by a delicious pre-game buffet in the Plantation Room. Then - provided there are enough interested Clubbers - a bus will be available to take game-goers to the Stadium and return them to The Club. Should you discover your throat needs soothing after all the cheering, stay for a drink before heading home.

Reservations are a must, so please call The Club to make yours at 225-1661.

TRY YOUR HAND AT GOOD COUNTRY RANCH HOUSE BRUNCH SEPTEMBER 26

Imagine a big of Texas ranch house in the midst of sturdy shade trees on a day in late Summer. Out back a weathered triangle is swaying peacefully in the breezes of a Sunday afternoon.

A figure approaches, and in his hand he carries a metal wand which he uses to set the triangle vibrating its message loud and clear. The sound signals special Sunday country treats - great slabs of juicy meat, bowls of steaming vegetables, and other hearty pleasers. Sounds, sights and smells such as these weigh rich and heavy in the folk-ways of Texas.

Obviously, it is a far cry from such a setting to that of the Plantation Room. But what matters is that the spirit of ranch house style cooking will be present here on Sunday, September 26. You'll find barbecued spareribs, roast sirloin of beef, country-fried trout, black eyes, cheese grits and so much more Americana-type fare that you should turn to Nancy Joy for the complete list.

Maybe because it has been ours from the start, ranch house food holds a special place in the hearts of native and adopted sons of Texas alike. Don't miss it. The brunch runs from 10:30 AM to 2 PM. The cost is \$6.50 adults, \$4.25 children. Phone 225-1661 for reservations.

RINFRET MEN'S FORUM OCTOBER 5: ECONOMY '77

The very popular Dr. Pierre Rinfret will return to The Houston Club on October 5 to deliver his twelfth Men's Forum address. His last appearance was in November of 1974.

He will treat a topic of great interest to many Clubbers: What direction will the economy take in the coming year?

A special feature on Dr. Rinfret is contained in this issue for new members who care to become acquainted with his background and for those members who already know the distinguished Doctor but who would like to refresh their memories.

Reservations for Dr. Rinfret's talk may be made either by return of reservation cards arriving soon through the mail from The Club or by phone at 225-1661. Whatever method you choose, however, please be advised to take early action to avoid disappointment.

Men's Forum protocol prevails: Texas Room, guests permitted but men only, luncheon promptly at noon, Dr. Rinfret's address, question period and adjournment at 1:30 PM. Cost per person \$5.75.

We know that as you move into an executive position, your banking needs probably become more sophisticated. At the same time, you're likely to have less time to devote to them. That's why we assign a personal banking officer to your account to assist you with the full range of financial services offered by First City National Bank. So when you need to talk to your banker, you can talk things over, one executive to another.

ECONOMIC ANALYST-FORECASTER DR. PIERRE RINFRET TO MAKE TWELFTH FORUM TALK OCTOBER 5

If your business is business, you cannot afford to miss hearing Dr. Pierre Rinfret speak before the Men's Forum October 5 about economic prospects for the coming year.

During the past three decades, Dr. Rinfret has established himself as one of America's (and the world's) foremost authorities in the field of economic analysis and forecasting. Through his firm, Rinfret-Boston Associates, Inc., he counsels investment managers and corporate executives of many key business, industrial and financial organizations both in this country and abroad. His views and advice on economic subjects and issues have been solicited by two past Presidents of the United States.

Montreal-born Dr. Rinfret has also established himself as the Club's most frequent guest speaker. He will be returning to The Houston Club for the twelfth time in 14 years. The reason for so many repeat engagements is three-fold: the relevance of Rinfret's profession to the crucial pro-

fessional interests of many Clubbers, Rinfret's outstanding intellect and expertise, and his well-honed rhetorical powers.

Dr. Rinfret was for 16 years associated with Lionel D. Edie & Co., Inc. rising to become chairman of the board. While many men might have been content with that, Dr. Rinfret ventured out on his own. In 1967 he founded Rinfret-Boston Associates, Inc. and proceeded on to develop a very successful enterprise. He is no stranger to academia, having held a faculty post at N.Y.U. during a portion of his years with Edie.

His own formal academic background is firmly grounded in both the physical and the social sciences. He received

his undergraduate degree in electrical engineering from the University of Maine. Then he traveled south to attend N.Y.U., earning a BS and an MBA. Finally, thanks to a coveted Fulbright Scholarship, he crossed the Atlantic to attend the University of Dijon, in France, where he received a Ph.D. in political economy.

Past results are usually the best predictor of future performance in most areas. Dr. Rinfret's previous 11 appearances have been fully attended, so if you wish to protect yourself and any guests (male only, please) against a sold-out Texas Room, make reservations as soon as possible.

The Men's Forum convenes at noon sharp. A seated luncheon will be followed immediately by Dr. Rinfret's talk, which in turn will be followed by a question period. At 1:30 punctually, the session is to adjourn. The cost per person is \$5.75. Reservations may be made either by reply card sent to members in the mail or by telephone at 225-1661.

Wrapping up their Texas Room meals are, from left, I. S. Brockstein, of I. S. Brockstein, Inc., Clubber Carroll Shaddock, of Liddell, Sapp, Zivley & Brown, member Ralph A. Anderson, Jr., of Wilson, Crain, Anderson & Reynolds, and James H. Weidler and Calvin Jones, of Calvin Jones & Co.

Texas Room headwaiter James Nolly looks after, from left, Thomas D. Lipsey, A. S. Wonstolen and A. L. Buffinton, all of Babcock and Wilcox.

Brightening the Texas Room with their pretty smiles are Mrs. James Shindler, left, and Mrs. Edward Cummins. Enjoying their company is C. A. Whiteford, Jr., of First City National Bank.

Mr. C. J. Kehoe, president, Bankers Investment & Mortgage Corp., treated Ken, Monica and wife Peggy to a meal in his Club's Texas Room this past month.

ANTIQUE MAP NOW ON VIEW

An antique map of early Houston—a family heirloom—has been loaned to The Houston Club by Mrs. Betty Bingham Bryan, whose late husband, J. P. Bryan, was a member of The Club.

"Wood's Map of New Houston, 1869" is now hanging in the Rotunda on the Ninth Floor near the Plantation Room, and Clubbers have the opportunity to compare the 1869 nucleus with today's sprawling metropolis which is the nation's fifth-ranking city.

Mrs. Bryan, who now lives in Angleton, brought the antique map to The Club early in August. "It has been in my family for three generations," she said, "and I just wanted a good place for it to hang."

The map was originally purchased by her grandparents James P. and Betty Bingham, then preserved by her mother, Mary P. Bingham.

Mrs. Bryan's roots in Texas go back even further than the 1869 date. Her greatgrandfather, Francis Bingham, bought land here before the city of Houston was actually laid out. Mrs. Bryan added that Francis Bingham was the first person to pay taxes in Texas.

With more than 80 years as a Houston tradition and with a long history of members prominent in the community, The Houston Club is proud to display this historical document.

How does the energy capital move its energy?

First City National Bank helps it reach its destination.

Some thirty underground pipelines carry Texas Gulf Coast resources to major U.S. cities thousands of miles away. These pipelines move millions of gallons of oil, natural gas, petrochemicals and other liquid products.

This area of Texas has become one of the nation's most important oil and gas transmission centers — connecting the products of plants and refineries along the Houston Ship Channel with inland destinations as far away as New York City. One-quarter of the nation's major

pipeline companies moving natural gas are found in Houston. Together these 14 companies operate more than 122,000 miles of natural gas pipeline.

First City National Bank uses its financial strength to help move Texas Gulf Coast resources.

We're the founding member of First City Bancorporation. There are now 23 First City Bank Group member banks across Texas with assets of over \$4 billion.

- First City National Bank is becoming involved with more and more industries every day. Understanding business as well as banking has helped us become . . .

A major financial strength behind Texas industry.

Something To Think About.

It may have occurred to you that your life could change markedly should your husband die. If he has set up a trust, then it certainly has occurred to him. If he hasn't, there are things you both should know.

A Texas Commerce Bank trust relationship will help assure your family's financial continuity.

You won't be talking to a stranger at a time when you are least able to cope. From the first day you need him, your trust officer will be there, helping with the legal and business details. The extent of his involvement is strictly up to you.

If you and your husband haven't given serious thought to the question of what happens to you if it's you alone, this is the time to do it. Talk to your husband.

You will need someone who cares both personally and professionally, and who knows what to do about it. We have someone like that at Texas Commerce Bank.
