MEMORANDUM FOR: Deputy Director of Central Intelligence

FROM:

[Redacted]

STAT

Special Assistant to the DCI for Compartmentation

SUBJECT:

PD/NSC-55

REFERENCE:

Memorandum from Assistant to the President for National Security Affairs to DCI, dated 29 June 1981, same subject

In response to your comments on the previously drafted reply to reference, a revised memorandum to Mr. Allen is attached (Tab A). It is more responsive to the request for community review of the remainder of PD/NSC-55 and cites several positive results of the review conducted by the Committee on Compartmentation (COCOMP). Tab B, for your information, is a brief report on the status of each of the 22 issues addressed by the COCOMP. I recommend the attached memorandum be sent and that the final report of the COCOMP, which will enumerate the 22 review items and their disposition, be provided later to the NSC as a summary of actions taken regarding sensitive compartmented information (SCI) security.
