Gen. Donovan

OFFICE OF STRATEGIC SERVICES
SO BRANCH

2 September 1944

SUBJECT: Denmark.

TO : Commander Lester L. Armour, USNR.

1. Reference is made to our conversation yesterday about the Danish Resistance Organizations.
2. I think it would be well if General Donovan could find time for a meeting with the two leading organizers of Resistance Groups and the Intelligence of the Danish Underground, Mr. F. Juncker and Mr. S. Truelsen.
3. Such a meeting would be desirable for various reasons.
 - a. It would demonstrate to these men the interest taken by the Chief of our Organization.
 - b. The General would hear first hand about the work done in the field and could also get their ideas about the part Denmark can play in post-war control of Germany.
