SUBJECT: Statistical Data from Central Information Division, OSS.
Made available to HQ., S.O.S.

1. Iron and Steel Section, Materials Branch, Resources and Production Division, HQ., S.O.S. has today inquired whether the OSS has in its possession any data on steel production capacity of various European countries.
2. Upon communicating with the Central Information Division, it was ascertained that such data are on file and after clearing with the Secretariat, the arrangement was made for Major Simonsen of HQ., S.O.S. to contact Mr. Toner in Wilmarth Lewis' office.
3. It is understood that the data in question are being obtained for General Lucius Clay, Ass't Chief of Staff for Materiel, S.O.S.
4. I have requested Major Simonsen to let me know how useful the data in our files will prove to be for his purpose.

FROM: W. S. Lewis
TO: J. R. Murphy
SUBJECT:

DATE July 30, 1942

Dear Mr. Murphy:

The problem is not one of security, but of deferment for Messrs. Swank, Foner, and Britton. The problem is to discover if their minor physical defects may be waived in order that they may continue their desk jobs which they have done so far so well.

Give you, by the way, my further information on Mr. J. R.'s level of situation which has been pending since...

to have J. R. send a letter from Mr. Boccia which has been given that has been heard, as a result of his application for a commission in the Navy, has deferred him until October 12. The Navy has informed him that his papers have been forwarded to the Bureau of Naval Personnel for action. Will it help to call the Navy to speed this action?

I have asked the designer of our other seal to try the seal at the new one.

Sincerely yours,
W. S. Lewis

MEMORANDUM

FOR: Mr. Lewis

FROM: J. R. Murphy

I note from your memorandum of today regarding Mr. Swank, Mr. Toner and Mr. Britten, that the applications of these men for commissions in the Navy have all been rejected. In view of this it would not be possible for us to ask for their draft deferment, because there are really no papers pending for their commissions and assignment here. The only way we could get these men would be to ask for their assignment here after they have been inducted and have completed their 13 weeks basic training in the Army.

COORDINATOR OF INFORMATION

INTEROFFICE MEMO

FROM: W. S. Lewis DATE July 29, 1942
 TO: J. R. Murphy
 SUBJECT: Retention in Central Information Division of Messrs.
 Swank, Toner and Britten

Here are the answers to the questions which you asked this morning.

If there is anything else you would like to know, we shall be delighted to tell it to you.

Swank, Fletcher B.

Order #1191 - Local Board #1
 Cleveland County
 Norman, Oklahoma

Filed preliminary questionnaire at D. C. Navy Yard in February, 1942, for commission as Ensign. Examined eyes only; disqualified; not allowed to submit complete application.

Toner, Albert P.

Order #197 - Local Board #1
 Androscoggin County
 Lewiston, Maine

In February of 1942, had interview at D. C. Navy Yard with the Navy Recruiting Officer and was told by the interviewing officer that he might file application, but chances were not so favorable because his underweight would constitute a waiver. Formal and complete application not filed.

Britten, Harry N.

Order #5030 - Local Board #7
 Tivoli Theatre Bldg.
 14th & Park Road, N. W.
 Washington, D. C.

In June, 1942 filed complete application for Ensign, D(V)S; completed physical. Rejected because of "moderate color-blindness and undescended right testicle".

Had interview with Lt. Commander Gullickson and he said he would be glad to waive the latter but felt he could not waive color-blindness since applicant might be on sea duty.
