MEMORANDUM FOR: Project Director of Administration

SUBJECT : Income Tax Consultant

REFERENCE : SAPC-22031 dated 3 December 1957

1. Reference your memorandum concerning the possible use, and thus clearance, of two new Office of General Counsel representatives in connection with income tax problems of our pilot personnel.

2. I would like to record my reluctance to clear additional OGC personnel on an anticipatory basis.

3. If a tax problem develops which the Project staff cannot handle, I am sure [redacted] can furnish guidance at a Headquarters level. This procedure will also eliminate the need for complicated briefing and travel arrangements to prevent OGC personnel from exposing our Detachment units to non-cleared associates in the Far East or Europe.
