MEMORANDUM FOR: Project Director of Administration *gll*  
SUBJECT : Identification Documents of Deceased Personnel

For your guidance it is noted that the identification documents described in the attachment for deceased personnel have been returned to proper authorities in accord with procedures established by the Office of Security. In the future any documents issued to Project personnel who in one way or another terminate association with the Project should also be returned to the Office of Security for proper disposition. We do not contemplate immediate removal of the names of deceased personnel from backstop records in view of possible inquiry. This will be accomplished at some future date.
