MEMORANDUM FOR : [REDACTED] Intelligence Requirements
Officer

SUBJECT : Dissemination of CMR to Additional People
at NSA

REFERENCE : SAPG-16967/R, 27 August 1957

FOIAb3c

This is to confirm in writing my telephone concurrence in the recommendations you presented in para. 4 reference memo. I concurred in your proposal because I believe by distributing the CMR to [REDACTED] immediate superior we will not be damaging the security of Rainbow. In fact, I doubt if anyone not alerted to Rainbow would even notice any unusual information being transmitted or withheld.
