OSO NOTICE
NO. 70-52

2 May 1952

SUBJECT: Information from the Area Divisions

1. The Area Divisions will not give out information (other than intelligence disseminations through the established channels) except to the Staffs of OSO (or OFC). This is partly for security reasons and partly to prevent the Area Divisions from being burdened with inappropriate or uncoordinated requests.

2. For further assurance of adequate control, the Staffs of OSO will secure specific approval of the ADSO before passing to the Area Divisions any request for time-consuming research, collation of data, etc., either for their own needs or at the behest of CIA units outside OSO. Normally such an assignment affecting most or all of the Area Divisions will be made by means of an OSO Notice.
