b. Transcription of Recorded Presentation of OSC No. 2

The transcription of the recorded presentation of Operational Security Course No. 2 has been undertaken in order to provide tangible source material for use in the incorporation of operational security coverage into common instruction.

An attempt is being made to secure additional help for this transcription task in order that the material may be available within the next three weeks. The transcription of this material is complicated by certain technical problems arising from the nature of the recordings.

c. Returnee Debriefing Program

Two debriefings have been conducted with TR(S) instructors participating.
