1. It is requested that the promotion of [Redacted] Investigator, GS-5, assigned to this Project, to grade of GS-7 be approved as an exception to the current time-in-grade requirements as contained in [Redacted]

2. It is requested that this exception be granted under the provisions of paragraph 7.a. of the above mentioned regulation. [Redacted] was initially employed at the grade of GS-5 although his basic qualifications at the time of recruitment were equal to or exceeded those of personnel in a similar category who were initially employed by the Agency in the grade of GS-7. His performance has been completely satisfactory and may even be considered as outstanding, and we feel that the process of a promotion at this time will correct what appears to be an inequitable situation.
