MEMORANDUM FOR THE RECORD

STAT

SUBJECT: Conversation with [Redacted]

STAT

1. [Redacted] asked if an arrangement could be worked out where all papers relating to the purely procedural side of the handling of Project personnel assigned to the 1007th AISC might proceed directly from [Redacted] at Watertown Strip via pouch to [Redacted] specifically identified on the envelope with the term [Redacted].

2. [Redacted] did ask that this information be transmitted to him direct from its receiving point in the Project Headquarters without necessarily being opened. I see no real objection to this and I told him that we would be willing to work out not only this arrangement but the reverse of it, namely, transmitting to Watertown similar information in a like manner. He seems to feel that this procedure would ensure his receipt of all information without the likelihood of its being separated from similar documents received in the pouch.
