MEMORANDUM FOR: Office of Security

ATTENTION : [Redacted]

25X1  
SUBJECT : Clearance Request - [Redacted] Chief,  
Finance Division

1. In confirmation of my informal request, it will be appreciated if you will take steps to authorize discussing financial activities concerning Project Agreements with the Chief, Finance Division. This request is necessitated because the major portion of Finance operations abroad are processed through the Finance Division, and we currently need a discussion with respect to the handling of pay for agent type personnel.

2. It is unlikely that it will be necessary to discuss the overall operations of Agreements with subject officials; however, it is expected that a number of financial matters, including systems, policies and practices, will be coming up in the near future which will require coordination to insure appropriate correlation between the Project system and the overall Agency systems.
