MEMORANDUM FOR: OFFICE OF GENERAL COUNSEL, CIA
ATTENTION : Mr. W.L. Pforzheimer
SUBJECT : S. 2992

1. This Division has reviewed this piece of legislation and has no quarrel with the draft, as the proposal seems consistent with the good management of the Trust Islands.

This provision is obviously completely logical from the Trust Territory standpoint. As you may know, there has been correspondence between Secretary Chapman and the DCI on this subject [redacted]. Whether anything can be done to amend Section 8 to permit [redacted] as he now does, is something that you would be better able to evaluate.
