

~~REFUGEE POLICY IN DRAFT~~

~~SUBJECT: Effect of Pay Bill on Contract Personnel~~

~~SRINAK policy with respect to the effect of the legislative pay increase on contract personnel is as follows:~~

1. If existing contracts with current individuals contain specific provisions for legislative pay increases, such increases will be effected retroactively by Headquarters as of the beginning of the first pay period following 28 February 1955. In the case of Career Agents, the effective date is 19 March 1955. For eligible Contract Employees, the effective date is 1 March 1955.
2. Individuals whose contracts do not contain specific provisions with regard to legislative pay increases will not automatically qualify for such increases and if an increase is granted, as provided below, it will be prospective in nature, i.e. the increase will be granted as of a current date, not retroactively.
3. Requests for contract compensation increases, which are substantially equal in amount to the legislative pay increase, will be reviewed by SRINAK Headquarters on a case-by-case basis, and the approval or disapproval of an individual request will take cognizance of all pertinent considerations including (but not limited to) the legal relationship of the individual to SRINAK, the amount of, frequency, and reasons for previous increases granted the contract individual. Field governments providing compensation increases substantially equal to the recent legislative pay increases will not be effected without prior Headquarters' approval.
4. For the information of those concerned, the above policy is based on the proposition that a contract is a negotiated instrument and that the compensation established thereby may be determined on the basis of considerations other than the pay rates established by Congress. Further, contract compensation rates are not subject to the SRINAK classification system, and pay increases have been and may continue to be granted for reasons other than Congressional pay action.

SUGGESTED DISPATCH TO FIELD

SUBJECT: Effect of Pay Bill on Contract Personnel.

KBR&K policy with respect to the effect of the legislative pay increase on contract personnel is as follows:

1. If existing contracts with covert individuals contain specific provisions for legislative pay increases, such increases will be effected automatically by Headquarters as of the beginning of the first pay period following 26 February 1955. In the case of Career Agents, the effective date is 13 March 1955. For eligible Contract Employees, the effective date is 1 March 1955.
2. Independent contractors, e.g. contract agents, are, by virtue of their legal relationship with KBR&K, not eligible for said legislative pay increase on either a retroactive or a prospective basis.
3. Contract Employees whose contracts do not contain specific provisions with regard to legislative pay increases will not automatically qualify for such increases and if an increase is granted, as provided below, it will be prospective in nature, i.e. the increase will be granted as of a current date, not retroactively.
4. Requests for compensation increases for Contract Employees, which are substantially equal in amount to the legislative pay increase, will be reviewed by KBR&K Headquarters on a case-by-case basis, and the approval or disapproval of an individual request will take cognizance of all pertinent considerations including (but not limited to) the amount of, frequency, and reasons for previous increases granted the Contract Employee. Field commands providing compensation increases substantially equal to the recent legislative pay increase will not be effected without prior Headquarters' approval.
5. For the information of those concerned, the above policy is based on the proposition that a contract is a negotiated instrument and that the compensation

established thereby may be determined on the basis of considerations other than the pay rates established by Congress. Further, contract compensation rates are not subject to the EUSMK classification system, and pay increases have been and may continue to be granted for reasons other than Congressional pay action.
