MEMORANDUM FOR: The Record

SUBJECT : - Part Time Employment 25X1

25X1

1. in connection with his possible job with Voice of America and the dual compensation question recently submitted to us. I advised him that it was almost certain that there would be no objection to his accepting the assignment with Voice of America and suggested that he go ahead and negotiate with them. He should tell Voice of America that he has raised the dual compensation question with this Office and that he wants to know the law or regulation which is the authority under which he is being hired. He will at that time consult with us.
