The Conferees on H.R. 12138, the first supplemental appropriation, reached agreement and the bill was referred to both Houses for final action. Conference report approves the \$49 million requested by CIA for building and roads, and agreed on language proposed by the Director which reversed the restrictions contained in the Senate Appropriations Committee Report regarding the housing of all employees in a \$46 million building and a referral of the roads and facilities problem back to the National Capital Planning Commission.
