Office Memorandum • UNITED STATES GOVERNMENT

TO : Colonel Baird

DATE: 21 December 1954

FROM : Mr. Carey

SUBJECT: Your Memorandum of 16 December 1954, "Clark Committee Visit to Office of Training"

The following comments, dated 20 December 1954, on subject memorandum, were received by me from Colonel Miller:

"Ref. the att. memo of Col. Baird. In the absence of a clear understanding of the specific topics of the various courses which are scheduled for consideration on the days in question, it is difficult for us to indicate in advance which of the courses we should visit in furtherance of our mission. It is therefore suggested that Col. B. make the selection and schedule us to visit two or more courses during a period of not to exceed a total of two hours."
