25 YEAR RE-REVIEW

16 April 1956

25X1

1. The following are miscellaneous items of information not covered in the log so far:

25X1

a. [] is being picked up by [] In the meantime, he is working with []

25X1

b. [] resigned 6 April apparently as the result of his application for Career Status being put in Category C.

25X1

c. [] rotated out on 12 April.

d. Negotiations are progressing well with NSA on a joint testing program for JOFs.

e. The ORR Management Conference was a great success. The same thing is being scheduled for OSI the week of 21 May.

f. Special training sessions on cable writing are being scheduled for DD/S beginning 1 May.

25X1

g. The [] film was shown 14 April to Wisner, Angleton, and other "wheels" of DD/P.

25X1

h. [] was detailed to FI on 13 April and went to work there the same day. This is the result of a special push by [] to get him placed. The paper-work will come later. The essential thing was to get him on to another job as soon as possible.

25X1

i. We are concerned about certain courses not having full registration. The current Ops Support has 35 (capacity - 60), the World Communism has 20 (capacity - 28), Ops Fam has 43 (capacity - 60). Rositzke feels that in the case of the Ops Fam at least, perhaps we should readjust the schedule to less frequent runnings.

j. Finally finished the DOB paper on 14 April. I don't know why it took so long to get this done except that [] prepared a report which I did not like, then [] prepared one which I did not like, also, both [] and Rositzke had discussions with C/DOB in an attempt to reach a common position, and all this took time. I finally decided to write the paper myself.

k. We were hit 29 March by a draft put on us by DD/S to provide 4 people (clerical) for a 6-months' detail on a high priority, high sensitivity project. All other components are also hit by this. Total is 135 for the Agency. This involves night-shift, and so on.

25X1 We have nominated [] as the first person, the others will follow according to a timetable established by DD/S.

25X1 1. [] is being picked up as [] deputy. 25X1

2. Called [] to see where the [] case stood. He said there had been a meeting about two weeks ago with the Auditor and others and as a result, [] was to prepare a paper to DD/S calling for the payment of the full amount. [] did not agree with this but it was not up to him. This is where the matter stands now. Presumably, DD/S will give us and General Counsel a chance to comment on [] memo but we have not seen it yet.

25X1 3. [] called to say that he had been planning for a long time to get Laughlin Campbell and it would be extremely bad if he went to the National War College instead. He has discussed this with Helms and a decision will be reached tomorrow whether DD/P accepts or declines.
25X1 I have now called [] in OCI, the third alternate, and he

tells me he is due to go out to in June. Anyway, I have alerted him to the possibility that he may be the candidate.
