Enclosures: As Stated

Postscript: I wish also to draw your attention to the Urban Intelligence Report Series (Formerly "Far East Town Plan Series") published by I-2, USAFPC (formerly Intelligence Division, G-2, AFPC). Maps in this series are in some ways superior for your purposes to the Air Target Mosaic maps enclosed. Their advantages are larger scale (1:12,500), and much greater identified detail. If there is any difficulty at present in arranging internal dissemination of the G-2 maps within the Theater, I should be glad to assist in obtaining copies for you here.
