MEMORANDUM FOR: Project Director

SUBJECT: MOZHAYSK

1. Attached for your information is an appraisal prepared by PI's among the agencies which indicates technical factors to be taken into account of any consideration of another flight over MOZHAYSK.

2. I explained to the Ad Hoc Requirements Committee, as noted in the Minutes of the meeting on 30 January 1957 (TCS-793-57, ARC-M-31), that these views should certainly be made available to Pete Scoville and his two committees, JAEIC and GMIC. You will note in that Minute that I also emphasized that the question was not simply whether one should return to MOZHAYSK or go to KAPUSTIN YAR but rather, when appropriate and timely, a recommendation as to where, in the light of our study of MOZHAYSK and other things, any new penetrations should occur.
