28 January 1958

MEMORANDUM FOR: Project Director
SUBJECT : AQUATONE Coverage of United States Atomic Energy Installation

1. On 16 December 1957 OSI stated that it was coming forward with a request for coverage of the Nevada Proving Grounds, such photography to be of possible assistance in the analysis of Soviet proving grounds.

2. I turn the attached paper over to you for such action as you deem feasible. A copy has gone to Operations; no other distribution is being made.
