Subject: proposed trip to Washington

STAT

Dear Mike:

[Redacted] would like to spend a few days in Washington next week. As you will remember, we had lunch with [Redacted] when you were last here. Would it be possible for you to make general arrangements to put [Redacted] in touch with those people who are most interested in the progress of this particular phase?

I will be in touch with you the first of next week with a definite time unless you let me know that it would be inadvisable at this particular time for [Redacted] to come to Washington.

STAT

Yours very truly,
