State Dept. declassification & release instructions on file

January 30, 1957

Dr. Otto E. Gathe
Assistant Director
Central Intelligence Agency
Washington 25, D. C.

Dear Dr. Gathe:

Thank you for your prompt reply to my letter of 18 January. It seems completely appropriate that EDIC should undertake the study. In fact, I am happy to see that group accept the assignment.

Consultation between WG-I and the special working group of EDIC which, I am sure, bring the intent of the study into focus and expedite its completion.

Sincerely,

W. S. DeLong
Deputy Director, NSAC

Called Adm. De Long during the week of 1/25 and advised him that with the completion of Part IV covering shipping arrangements we could meet no objection to EDIC completing the study and in the event of a top secret - 4/1/57. on 1/25/57. W. S. DeLong, Deputy Director, NSAC
