Contributions to OCI Periodic Requirements List
(PRL) Western and Northern Europe
1 December - 31 March 1959

1. Your branch is invited to contribute to the subject PRL.
2. It is expected that a careful formulation of requirements will reduce the volume of ORR contributions and will obviate the repetition of more than a very few items from issue to issue. Therefore, the attached PRL should be used as a guide for format and sequence and not for substantive content.
3. It is requested that each requirement be preceded by a brief background statement which will provide clarity and justify or indicate the current aspect of the requirement. Each question should also be classified separately as has been done in the past.
4. Please direct your contributions to this staff for the attention of [REDACTED] (extension 521) in time to reach him by Thursday, 30 October 1958. 25X1A9a
5. By cooperating with OCI and other Offices in making this periodic list more effective we hope to improve the response from the field.
