C O N F I D E N T I A L18th January, 1960.COCOM Document No. ~~300~~ 300COORDINATING COMMITTEEMEMORANDUM BY THE NETHERLANDS DELEGATIONEXPORT OF TUNGSTEN WIRE TO POLAND

The Netherlands Authorities have been asked to approve the export to Poland of 210.000 metres of tungsten wire of an approximate total value of * 3842.

The quality of this wire "DKV", covered by Item 1668 of the International List, is required for manufacturing bulb-coils for automobiles. The following quantities are to be delivered:

<u>Quantity</u>	<u>Diameter</u>
5.000 m.	0,078
8.000 m.	0,079
3.000 m.	0,109
4.000 m.	0,111
80.000 m.	0,122
50.000 m.	0,129
10.000 m.	0,145
20.000 m.	0,156
20.000 m.	0,188
10.000 m.	0,195
1.000 m.	0,268

The usual assurances against re-export have been obtained.

In view of the special policy adopted by the Committee towards Poland and the civil end-use, the Netherlands Authorities wish to approve this export and trust that no objections will be raised in the Committee.

The Netherlands Delegation would be grateful for the views of Member Governments within the shortest possible time.
