Relationship with [redacted]

25X1A5a1

25X1A5a1 The relationship of the Geographic Research Area with [redacted] 25X1A9a  
[redacted] has been of an informal consultation nature. [redacted] 25X1A9a  
visited [redacted] on two occasions, in November 1956 and in June 1958,  
25X1A5a1 to obtain from their specialists certain judgements and opinions  
relating to the results that [redacted] may have had in considering 25X1A5a1  
the geodetic positioning problem and the problem of orbit determination  
as developed in the observation of Satellites.

25X1A5a1

2. Both contacts were arranged through OO. The contacts had value in the sense that they contributed to our background and insight into these problems. We intend to repeat the contacts whenever specific problems come up again.
