Attachment 8

Inspector General's Recommendation, Page 51 (Annex)

Recommended DCI Action:   Defer action

Inspector General's Statement

The name of the Branch be changed to something more accurately reflecting its primary function as the DD/P machine center.

DD/P Comment

Defer action:   Recently the name of the Branch was changed from Machine Branch to Services Branch due to the location of additional machines in other branches of RID. Although the present name can be improved upon it appears in instructions, notices and memoranda of particular significance today, and is in general acceptance throughout DD/P. With the installation of

machines now on order for the Central Retrieval System it is contemplated that a number of name changes will be required to define better the functions that will then be performed by a number of components within RID. It is felt, therefore, that it would be more beneficial to defer action on the recommended name change until the installation of the new machinery.
