STANDARD FORM NO. 64

Sanitized - Approved For Release : CIA-RDP62S00231A000100100074-2

*Office Memorandum* • UNITED STATES GOVERNMENT

TO : Chief, Industrial Division 50

DATE: 2 July 1958

FROM : Chief, Producers' Equipment Branch

SUBJECT: Monthly Report, June 1958.

1. Accomplishments

✓ a. Branch Reports Submitted

None.

b. Other Projects Submitted

(1) Commodity contributions to Project 10.1806, Soviet NII, submitted to I/MS. Projections to 1965 by value and quantity for construction and road building equipment, mining machinery, and boilers submitted to A/U. ✓

(2) Comments on Section 60 of Rumanian NIS submitted to I/MS. ✓

(3) Brief research report on tire making machinery in the Soviet Bloc prepared by Messrs. [REDACTED] and [REDACTED] submitted to M/CH for inclusion in a paper for the EIC. 25X1A9a

(4) Brief research report on Soviet diesel generators prepared by Mr. [REDACTED] and submitted to S/TF. 25X1A9a

(5) CSM entitled "USSR May Underfulfill Plan Goals for Production of Railroad Cars" prepared by [REDACTED] and submitted to CSS. 25X1A9a ✓

c. Other Activities 25X1A9a

(1) [REDACTED] continued support to CCOM on chemical equipment and metalworking machinery. \*

(2) Information on Polish trade in machinery and motor vehicles provided to I/MS.

(3) Information provided to OCR/IR on Soviet experimental freight cars.

Sanitized - Approved For Release : CIA-RDP62S00231A000100100074-2

SUBJECT: Producers' Equipment Branch - Monthly Report for June 1958.

(4) Information provided to Ch/E on US production of metalforming machinery.

(5) Staff paper "Planned Intensity of Research and Reporting by I/PE and I/MS" submitted to D/I.

(6) Handbook estimates submitted to St/PB/A. ✓

25X1A9a

(7) [REDACTED] continued support to M/FP on electric power inputs in Soviet motor vehicle and railroad equipment industries.

(8) Support to I/Ch on Dnepropetrovsk Motor Vehicle Plant and Minsk Tractor Plant.

2. Training

25X1A9a

[REDACTED] - Elementary Russian Reading. X

3. Trips

25X1C4a

25X1A9a a. [REDACTED] participated in [REDACTED] dealing with items of chemical equipment. ✓

25X1A9a b. [REDACTED] the Oak Ridge, Tennessee, plant to obtain information on compressors. ✓

25X1A9a c. [REDACTED] attended a demonstration for West Point cadets of construction equipment used by the Army Corps of Engineers. ✓

4. Status of Research

a. New Projects

(1) A Project Proposal Memorandum was submitted 20 June for "Recent Developments in the Automotive Industry of the USSR", [REDACTED] analyst. Approved and scheduled as Project No. 32.2119, Due Date: 31 October 1958. 25X1A9a

(2) A Project Proposal Memorandum was submitted 20 June for "Recent Developments in the Trade of Motor Vehicles and Tractors", [REDACTED], analyst. Approved and scheduled as Project No. 32.2120, Due Date: 29 August 1958. 25X1A9a

~~SECRET~~

SUBJECT: Producers' Equipment Branch - Monthly Report for June 1958.

b. Scheduled Research

(1) FY 57

- (a) Project No. 32.620, "Statistical Analysis of Production of Motor Vehicles in the USSR". Corrections completed. Now in St/FM for coordination.
- (b) Project No. 32.883, "Soviet Locomotive Industry". Revisions completed. Awaiting review by branch chief.

(2) FY 58

- (a) Project No. 34.1558, "Production of Chemical Equipment in the USSR". Revision of manuscript will be delayed until after ██████████ finishes the report on compressors due 1 August. 25X1A9a
- (b) Project No. 34.1931, "Production of Chemical Equipment in Czechoslovakia". Same status as 34.1558.
- (c) Project No. 34.1932, "Agricultural Machinery for the Soviet New Lands Program". Cancelled by mutual agreement of I/PE and M/AG. Memo on this will be sent forward.
- (d) Project No. 10.1806, Soviet NIE-1958. Commodity contributions have been completed and submitted to I/MS. MS has been very helpful in coordinating commodity contributions. Projections through 1965 for items not being researched in I/PE remain to be done for A/U.

(3) FY 59

- (a) Project No. 32.2363, "Soviet Personalities Involved in Atomic Energy Compressor Work". ██████████ 25X1A9a has begun working full time on this project. A list of authors of Soviet works on compressors has been compiled. These names are now being run in OGA registers. ██████████ submitted descriptions 25X1A9a

of various models of axial compressors to engineers at Oak Ridge who indicated the ones which might be used in AE work. [REDACTED] is progressing slowly on exploitation of open sources and expects to have a second report ready within a few weeks. E/PE will prepare a report on results of research so far conducted for submission to D/M on 1 August.

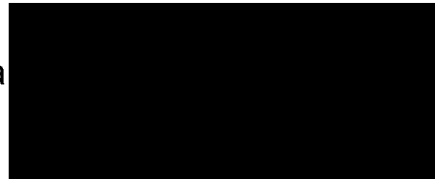

- (b) Project No. 32.2366, "The Construction Equipment Industry of the USSR". [REDACTED] is continuing research. He has submitted to A/U production and value estimates for individual items through 1965.

25X1A9a

- (c) Project Proposal Memorandum for "Participation of the Soviet Rolling Stock Industry in the Guided Missiles Program" has been approved as Project No. 32.2115, with a due date of 31 March 1959. [REDACTED] will begin research in August or September after completion of contribution to East German MIS.
