New Soviet Proposals for Long-Term Exchanges Your memorandum dated 13 September 1957

memorandum. Net advantage on the proposed exchanges is taken to mean

gain to the US versus

to the USSR. In some specific instances a technological gain may accrue

to the US; if so, it has been mentioned separately. Your attention is

invited to

suggests that the US ask for an opportunity to acquire detailed information
on the operation of the Soviet economy as a whole, and not return industry
