1. The attached form is a questionnaire developed and used at the [REDACTED] to register the training and operational skills and experience of instructors assigned to that station. As you can see it is quite inclusive.

2. You may find this interesting and perhaps of some use to you in developing the training requirements of the Contingency Task Force. Please return it to me when you have finished with it.

3. Incidentally, you may be interested also in talking to Mr. Ray [REDACTED] until recently the senior FI instructor and Executive Officer of the Training Branch [REDACTED]. He previously has had a wealth of covert PM experience as an SA. He is as yet unassigned and can be reached through [REDACTED] 2028 J, x8063, or through the OTR Personnel Officer. Ray may be of some help to you, too, in connection with your CTF training problems.
