6.  Ralph Preston, on the staff of House Appropriations Committee, telephoned saying that Mr. Mahon needed some help on the question of missile bases in Cuba. Apparently Mahon has been hit by a number of constituents and Cuban refugees who have alleged the existence of missile bases. In the alternative, I suggested that DOD might be able to assist. Subsequently, I talked to  in  office, who indicated that they would be glad to assist on this. This was passed back to Preston who will discuss the matter further with Mr. Mahon.

7.  Paul Ridgely, on the staff of the Military Operations Subcommittee of House Government Operations, inquired if I could check on the status of an applicant,   I said I would check into this and advise.
