5. [] Frank McNamara, House Committee on Un-American Activities staff, called and requested I drop by to see him when I am next on the hill. Advised I would be in sometime during the day tomorrow, Tuesday, 16 April.

6. [] Chas Cooper, DD/I, advised that at the White House staff meeting today it was indicated the President is interested in a breakdown concerning congressional appearances on the "missile gap". See memo for the Record

7. [] Russ Fee, Counsel of the Senate Preparedness Investigating Subcommittee staff, called and advised that starting 10:00 A.M., Wednesday and continuing through Thursday of this week, there will be a staff briefing by DOD on test problems. ACDA will also be in attendance. Items to be covered are history of the U.S. effects test and future effects tests requirements; vulnerability of U.S. weapons systems and relationship of future testing to ABM systems developments. [] has been advised of this call and the invitation for Agency observers if desired. Agency observers should hold the usual TS//SI clearance. Names are to be passed to Mr. Fee who will clear attendance with DOD for us.
