MEMORANDUM FOR: Deputy Director of Research

SUBJECT : Procedures for Foreign Travel of
Personnel Possessing Special
Security Clearances

25X1A 1. Attached is a copy of the briefing paper concerning the review of the procedures for controlling the foreign travel to denied areas of individuals possessing sensitive intelligence. This review resulted from the denial by the Board of the foreign travel of [REDACTED] a NSA consultant, to Moscow to attend an International Symposium.

2. It is considered that the recommendations of the Committee, (a) by promoting coordination in the assessment of the risks involved will tend to ensure the protection of United States interests, and (b) by promoting effective security indoctrination and briefing programs should alleviate the concern of consultants who may feel their freedom to participate in international matters is being arbitrarily restricted.
