24 April 1962

MEMORANDUM FOR : Assistant to the Director

25X1A9a

SUBJECT : [REDACTED] Classified Telephone Networks 25X1A2g

REFERENCE : Memorandum from Assistant to the
Director, 2 April 1962, subject as above,
ER-62-2052

1. At the same time I received the referenced memorandum inquiring about the need for CIA joining the [REDACTED] system, we were conducting an internal survey, at [REDACTED] request, of all secure telephone requirements.

25X1A9a

2. This survey disclosed that certain activities of DPD will require that DPD tie into the [REDACTED] network described in the attachment to your memorandum. Thus, there will be access within the DPD area to a station on the [REDACTED] net. For this reason, I would conclude that it is not necessary, for our purposes, to recommend that an additional [REDACTED] station be installed in the vicinity of the DCI's office.
