Office Memorandum • UNITED STATES GOVERNMENT

TO : Chief, Liaison and Collection Division/CR

DATE: 25 June 1959

FROM : Special Assistant to AD/BI

SUBJECT: Proposed Revision of R 60-110, Draft B,
dated 14 May 1959

As with NIEs, the release of National Intelligence Surveys to foreign governments is governed by U.S. Intelligence Board actions and directives. We believe R 60-110 should specifically exclude national intelligence and propose the following synopsis be added at the head of the regulation:

"SYNOPSIS: This regulation prescribes Agency policy and responsibilities for the exchange of classified information with foreign governments. It does not cover the exchange or dissemination of national intelligence which is controlled by the U.S. Intelligence Board including the release of National Intelligence Surveys (NIS) which is specifically provided for in USIB-D-51.3/3 and revisions thereto."

Paragraph 3.g could then be deleted.

*add: The release of
NIE is provided in
25X1
USIB-D-51.3/3*

cc: DAD/NE

*ONE + 6B1 proposed above
