

Draft  
20 Aug

**MEMORANDUM FOR: Special Assistant to the President for National Security Affairs**

**SUBJECT: Report on Programs and Plans to Accomplish Certain Foreign Intelligence Objectives**

Attached is a report on the intelligence community's programs and plans for action to accomplish six intelligence objectives that were listed in the enclosure to your memorandum of June 17th.

We have carefully reviewed the programs in being or envisaged to accomplish the stated objectives. The USIB believes that the objectives are sound and that they are being carried out within the framework of existing authorizations and resources available to the community.

Although we think it likely that as these programs evolve we will find areas in which change is desirable, we cannot now forecast where these areas will appear. Accordingly, we have no specific recommendations at this time for modifications of programs now under way or for new programs.

Copies of this memorandum and of the report are being sent to the President's Foreign Intelligence Advisory Board.
